United Way sets 1983 goal at \$670,000

By SUSAN SIGNAGO-WEICH
of the Press-Record

The Tri-Cities Area United Way kicked off its 40th year anniversary by setting a 1983 campaign goal of \$670,000. Approximately 280 per-

sons attended the event in the Granite City Township Hall Tuesday morning. The goal, if reached, represents the largest dollar amount ever collected in the area. The current record for money collected was achieved last year, when the charity solicited \$663,530.

Despite the 7.2 percent increase over last year's \$625,000 goal, 1983 General Campaign Chairman Tom Majewski said the increase is needed to "merely maintain current levels of service for the next year."

"We need to generate a sense of need and urgency in the community so that we may achieve our goal," said Majewski.

Bill Terrell, president of the Tri-Cities Area United Way, had introduced Majewski to those in attendance at the breakfast.

Individual group goals include: Group A (Business, Retail and Commercial) at \$85,000; Group B (Professional) at \$60,000; Group C (Government) at \$45,000 and Group D (Industry) at \$47,000.

"The fact that the Tri-Cities Area United Way was able to achieve its goal last year, despite the economic conditions, says a lot," said Paul J. Kemp, vice-president and general manager of the A.O. Smith Corporation, guest speaker for the breakfast.

"Because as the unemployment rate grows, so do the needs of the people. For every one percent the joblessness rate increases, there are an additional 38,000 deaths, 33,000 imprisoned and 42,000 admitted to mental hospitals. The United Way helps to overcome all of these problems."

"One donation performs many miracles. Each community evaluates its problems and sets its own priorities."

The United Way returns have a way of multiplying."

Kemp said that, despite the hard economic times, he saw the reopening of the A.O. Smith in Granite City as being a sign of hope. "The plant is happy to be filling its absence from the community," he said. "We can't think of a better community to be in. I hope this is the first of many good things to come."

Kemp also said, "There are many unknowns of the present, but this is one certainty. A.O. Smith is back in Granite City." He added, "We're glad to be back to our friends."

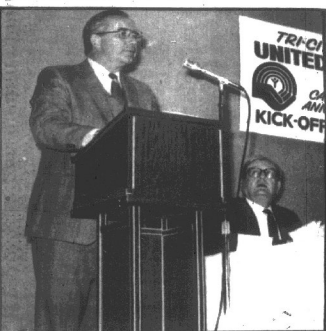

In conclusion, Kemp announced that A.O. Smith Corporation was donating \$1,000 to the campaign drive.

Entertainment at the breakfast was provided by Kimberly Dawn Bibb of Hazelwood, Mo. Miss Bibb is a 14-year-old fiddler and singer who has appeared on the television program "Haw Haw." She has recently reached the country music charts with her first hit record released under the Natascha Dawn Label featuring two original songs, "Grandpa's Fiddle and Bow," and "Country Fever."

Also participating in the program were Ginger Booker and Christina Grooms.

Miss Booker, who recently was crowned Miss Hemisphere Teen Talent Queen at the 20th International Pageant.

No school tax rate change, but revenue will rise

By BILL WINTER
of the Press-Record

School taxation is rising, but the District Nine tax rate is likely to remain the same as before. This is possible because of substantial growth in the real estate base that serves as the financial foundation of the district.

In boosting its levy 13 percent, from \$97,600 in 1982 to \$110,292 in 1983, the Board of Education noted Tuesday

night that assessed valuation of \$255,481,437 is expected to increase next May to about \$289,499,209. If it does not, not all of the proposed levy will be extended and the rise will be less than 12 percent.

After tax and budget hearings, the board took final action on the levy and on the 1983-84 budget of \$27,108,727.

Among the public's comments during the hearing period were statements

that the district is spending too much and spending too little. The Granite City Citizens Forum warned that governmental agencies may be overburdening taxpayers.

Norman S. Owca, the school district's director of finance, said the new education fund accrual expense budget of \$25,158,332 (\$23,774,786 on a cash flow basis) was hard to set "because of the unknown actual unemployment costs of

the honorably dismissed staff."

Also cited were "the amount of unused earned absences (severance pay) that will be requested by the dismissed staff, who of the employed staff will request total pay on the 20th payroll before the end of the year, and the total amount of unemployment compensation we will have to pay."

"On the cash side of the education fund we show that total borrowing

needs before June 30, 1984, could be as much as \$9,326,352.

"This is the result of the need to budget the \$330,520 paid out in July 1983 for teacher early retirement costs for the 1982-83 year, and a potential need to pay out \$659,766 in unused earned absences for the dismissed staff, also a 1982-83 cost."

"We also budgeted \$393,200 for unemployment costs that may be need-

ed for the dismissed staff, since we are self-insured," Owca continued.

"These three items alone total \$1,379,838 for a potential increase of \$1,669,352 in borrowing. Otherwise, we would only show an increase of a possible need to borrow \$285,486 due to prior budgetary considerations."

"On the accrual side of the education fund, we show a potential deficit of

(Continued on Page 3)

State income tax to drop

The temporary Illinois income tax hike from 2½ to 3 percent will be just that—temporary. This was the assurance by House Majority Leader Jim McPike at yesterday's local prayer breakfast.

"There is no way legislators would extend that tax in June 1984, four months before next year's election," McPike said.

Questioned about the impact on schools and state agencies, the speaker said more "belt tightening" may be necessary but that improved economic conditions, also might generate needed Illinois revenue.

McPike said consensus and compromise marked the 1983 Assembly session, which he said was not dominated by Chicago; although six northeastern counties have about two-thirds of the state population, proposed regional transit aid of \$75 million was at Springfield "because Cook County area political factions could not reach agreement."

With three-member House districts eliminated, all representatives are striving to serve all rather than part of their constituents, McPike asserted.

Democrats are in control of both the House and Senate and both Illinois

business and labor are being listened to, he added.

Although utilities might have preferred not to have a voluntary Citizen Utility Board created, one is being formed to aid consumers; legislators were wise enough not to create an elected utility rate-setting commerce commission, the gathering of 50 was told.

McPike said he sponsored a new law on "workers' right to know" of conditions that affect their health and safety.

Carl E. Mathias, 1983-84 prayer breakfast chairman, introduced the speaker.

No tainted meat served here

Federal shipments of ground beef to Illinois schools were halted this week until allegedly unsanitary conditions at Colorado and Nebraska meat packing plants can be investigated.

Supt. B.J. Davis said at Tuesday night's Granite City School Board meeting that 26 cases of commodity meat on hand here are not being utilized due to the investigation. None of it has been served, Food Service Director Michael Kanak said.

Districts currently are checking for shipment contract numbers 02 33270, 02 33055 and 02 33133.

A Granite City commodities warehouse shipped 137,000 pounds of surplus ground beef received for this fall to more than 15 Downstate school districts.

In Chicago, the Better Government Association said meat packed amid filth in the two states was approved by the U.S. Department of Agriculture and forwarded to Illinois and other states.

State Education Supt. Donald Gill halted warehouse shipments Monday and demanded that the USDA "rigorously examine conditions in the facilities in question and assure us that no imminent danger exists." About 13

percent of the ground beef served in Illinois school lunches is supplied by the U.S.

Gov. James R. Thompson blocked federal meat purchases Tuesday by Illinois prisons and mental hospitals. No such meat is at the Alton hospital.

The BGA said some meat comes from animals already dead before being led to slaughter, and that some employees ignore fundamental health and sanitation rules. A spokesman for the two packing plants said the allegations are misleading and there are "no severe and chronic problems."

Hillside Drainage feasibility is under study

By GARY SCHNEIDER
Press-Record Editor

A warning that the future of the Hillside Drainage program now lies in the hands of federal bureaucrats in Washington, D.C., was issued during a special drainage meeting Monday afternoon by Ron Lindsay, study manager of the U.S. Army Corps of Engineers.

Lindsay warned that it would be difficult to show that the cost of major drainage improvements in this area is

justified by the cost "in today's economy."

Lindsay said two factors could halt the Hillside Drainage program, cost and interest rates. He said final cost-benefit ratio factors have not been computed. "It depends upon the figures. If they're in our favor, we'll forge ahead. If they're against us, we're dead in the water."

The interest rates is one of "the significant policy issues that have to be resolved, probably at the Washington, D.C., level. They include a decision on the interest rate to annualize the cost on

these things. At current interest rates, the annual cost would be about 2½ times what we used," Lindsay said, noting that 1972 interest rates were used since the current study of the program started then.

He predicted that if the government forces the corps to use current interest rates, "None of these things would be justified."

Lindsay noted that the plan has been pared down from the 1972 plan, due to higher costs and tighter budgets. Improvements are being studied in six American Bottoms problem areas —

Dobrey Slough, the Mitchell Ditch and Long Lake system, Horseshoe Lake, Canteen Creek, several parts of Harding Ditch, two areas of Schoenberger Creek, and Little Canteen Creek.

A fact sheet on the proposals he presented lists the total cost for each project and then breaks the projects in to "federal" and "non-federal" shares of the cost.

Mrs. Helen Hawkins, a Nameoki Town Board trustee and a resident of the Dobrey Slough area, objected to the non-federal shares, saying, "We were

(Continued on Page 3)

Hillside plans would reduce much flooding

The drainage study presented by Ron Lindsay of the U.S. Army Corps of Engineers at Monday's meeting would improve water flow at the Dobrey Slough Channel, Mitchell Ditch, Long Lake and Horseshoe Lake it occupied (See related story).

The study outlines problems, plans and costs for improvements at each of the sites.

Residences in the Dobrey Slough area were constructed in the 1950s when the annual rainfall was less than average. During the construction, no outlet was provided for the removal of stormwater. Now, during heavy rainfalls, the water collects in the streets and floods surrounding basements and yards.

The study proposes that water could be removed by constructing a drainage channel that would run parallel to the Alton & Southern Railroad right-of-way and would discharge into Horseshoe Lake.

The estimated cost for this plan is \$4,428,000. Of this amount, the non-federal first costs would amount to \$1,549,000 with costs for operations,

maintenance and replacement ranging from \$15,000 to \$25,000 annually. Mitchell Ditch also has a runoff problem. The ditch discharges through a series of culverts under roads and eventually enters Horseshoe Lake via Long Lake and Elm Slough. When rains are heavy, the water backs up into the cultivated areas north of Highway 162.

Under the plan, additional culverts would be forced through the embankments to minimize disruption to road and railroad traffic. Also, existing channels would be enlarged and the channel through the southern arm of Long Lake would be cleared to remove any flow obstructions.

The total first costs for this project are estimated at \$307,000. The non-federal share would amount to \$93,400, with the annual costs for operations and maintenance at \$4,000.

The excess water from Long Lake causes flood damage to nearby

GIFT FOR THE BLIND. Gory Wilbur, standing, of the Granite City Lions Club, presents a word module, Speak & Spell and Speak & Math, units to Carla Ziff, teacher of visually-impaired students in the Granite City School District. The club purchased the items with funds raised in club functions. Seated at the left is GC Lions President Elmer Wortham and seated at the right is Donald Patrick, immediate past governor of Lions District 1-G.

GC Lions pledge to strengthen, grow

By GARY SCHNEIDER
Press-Record Editor

The Granite City Lions Club, faced with declining membership and a general lack of activities, are making a major push to rebound and gain strength in numbers.

A dinner meeting was conducted at Ervay's Restaurant last week to inspire the remaining members and to encourage them to seek new members for the club.

A reminder of the good the club does came in the form of a gift from the club to Carla Ziff, teacher of visually-impaired students in the Granite City School District. She was presented Speak & Spell and Speak & Math machines and a word module, all in braille, for her students.

She explained that she has two totally blind students in the district, one pre-schooler who is blind and several other students who are legally blind. Others have multiple handicaps, including partial blindness. In all, there are 23 students in her program at Parkview School she said.

"These will be a big help to me," she noted in thanking the club for the gifts.

The club also received a gift from Past Lions District 1-G Governor Walter Potts, a guest at the dinner. Potts presented a trophy to the members for having the largest per-capita gain in collections during the candy drive in the 1981-82 club year. Unfortunately, the club did not earn the award last year, it was noted and the members were encouraged to work harder this year to improve that.

Potts noted that more than \$1.2 million was raised statewide during the one-day candy day last year. The money will be used to help prevent glaucoma.

"You have a great opportunity. There are people who can't see. Those are the people you can help. The world needs you," Potts said.

"To be a Lion, you must be committed to your fellow man and concerned that you can serve him in some way.

"We serve" is our motto. What this organization stands for is work," Potts stated.

He noted that today more than 1.3 million men in 153 countries are dedicated to that motto. More than half the Lions in the world are from countries other than the United States.

The rewards are many, but nobody gets paid, Potts said. "There is only one paid state employee in Lions. That is a secretary in the office in Springfield," Potts said.

Programs through the Lions of Illinois Foundation, the charitable arm of Lionism, include glaucoma and hearing testing, a camp in Carbondale for the blind and deaf, Hadley School for the blind, talking books, leader dogs and many other services.

"In 1925, Helen Keller challenged the Lions of the world to be 'knights of the blind.'" We have accepted that challenge," Potts said.

He proudly announced that the Lions have nearly completed the goal of constructing an eye research institute, which University of Illinois specialists will staff, operate and manage. The Lions needed \$5 million for the building. Only \$450,000 still is lacking and construction is underway in Chicago. "We may be well on our way to finding a cure for blindness," he said optimistically.

Elmer Wortham, Granite City Lions president, said the club has made a big difference in the lives of some local persons. Ten children with sight or hearing impairment have been sent to Camp Lions in the last 12 months. One child has been sponsored for Easter Seal Society Aid. Three children have been sponsored in special education programs for a total of 14

children aided in the past year by the club.

Others have been assisted with money for examinations, spending money, clothing for camp and other needs, costing the club more than \$4,500. Twenty-one persons were helped with eye examinations and glasses, hearing aids or both, Wortham said.

One family with four hearing-impaired children turned to the club for batteries for the four hearing aids. The club responded and kept the children in fresh batteries until one child's hearing aid broke. The club expended \$480 for a new hearing aid, Wortham noted.

One girl used a glass eye the club provided four or five years ago, but finally outgrew it in her teenage years. The club bought a new one, colored to match her good eye. "She has grown up to be quite a young lady."

Last March, the club sponsored a glaucoma unit here. In three years, 76 people were screened. Potential problems were found in about 15 persons and they were referred to specialists.

One accomplishment of which the club is most proud is the delivery of five sets of eyes to the eye bank in St. Louis. As many as 10 blind people could become sighted with the eyes, Wortham said. The club knows of four persons who have benefited from the eyes and can now see, he noted.

Two club members were sent to school and learned how to remove eyes from the dead so they can be used to help others see.

Also, dozens of pairs of old eyeglasses are collected by club members each year and are recycled by the club into new glasses.

The Granite City club also donated \$1,150 to Lion state activities last year from the candy day.

"We are active, but need help," Wortham stated. "We get no pay, but we get paid a lot (from those helped). We've helped people a lot," the president concluded.

Immediate past district governor Don Patrick of Pontoon Beach also addressed the group, urging them to continue and strengthen the Granite City Club.

Also addressing the gathering was Mel Schuchard, a trustee of the Lion Foundation in District 1-G and a member of the Godfrey Lions Club.

Cancer care law in state

A new state law calls for experimental cancer treatment to be monitored in Illinois in an effort to prevent unprofessional medical care.

Senate Bill 123 has created the Experimental Cancer Treatment Act, which requires the Department of Public Health to limit those who can administer cancer treatment to medical doctors, osteopaths, dentists, podiatrists or chiropractors. The attorney general and state's attorney of the county where a violation occurs will be responsible for prosecuting persons charged with breaking the new law, which carries penalties of up to three years in prison.

The Public Health Department will serve as a clearinghouse for cancer treatment to remove eyes from the dead so they can be used to help others see.

Information on various types of cancer care will be made available to the public by the department, which also is responsible for gathering statewide statistics on cancer cases and types of treatment.

TWO CHARGES FILED
A motorist, Wendy G. Jackson, 22, of 2013 Johnson Road, was charged last week with failing to halt when police sought to question her about a collision, and with transporting liquor in her car. It is alleged that the parked auto of Michael Hulson, 2504 Grand Ave., was struck there and the woman then drove on Grand and 27th, State and 26th streets before returning to the crash area.

PARKED VAN LOOTED
A burglar took a 1980 stereo, \$125 motor, \$40 radio, tools worth \$29 and miscellaneous items last week from the parked van of Norman Moerlen, 2209 Washington Ave., at that address.

Entries in Royale Pageant due

Royale Miss Pageants (formerly Sunflower Miss) will have a Baby Contest and beauty Pageant, Oct. 2, at the Granite City Township Hall.

In the baby contest, babies (boys and girls) will be judged on personality and appearance. They may wear any type of outfit - dressy or sporty. Age divisions are: 0-12 months, 12-24 months, and 2-3 years. Crown, banner, and trophy will be given to the winner in each division, and each baby will receive a participation award. Number of contestants will determine alternate awards.

Registration for the baby contest begins at 8:30 a.m. and the contest begins at 9 a.m. Baby awards will be given before the pageant begins so that the infants do not need to stay all day.

There will be participation for boys in the local preliminary pageant for experience, and then the boys may compete at the state level for awards. They will receive a participation award and score sheets.

The pageant will feature separate awards for beauty, talent and photogenic in each of the following age divisions: 4-5 years, 7-10 years, 11-14 years, 15-19 years. Each contestant will receive a participation award and score sheet.

Beauty, talent, and photogenic winners each receive crown, banner, and trophy. Late entries must call Lani Redhour, state director at (314) 946-8907.

ARREST GC MAN

Rudolph D. Muzzarelli, 23, of 2816 Maryville Road, was arrested by Madison police last week and charged with criminal damage to property following an incident at the home of his estranged wife, Cheryl Muzzarelli, 905 Lee Ave.

Mrs. Muzzarelli reported just moving to the Madison address and had not yet unpacked various boxes when her husband came to the house to get some things. She alleged he dumped the contents of the boxes on the floor and when he took items to his car, she locked the door.

At that point, Muzzarelli allegedly kicked the door, breaking the glass, came inside and cut two large gashes in a waterbed with a butcher knife, Mrs. Muzzarelli told officers.

He was released after posting at \$104 cash bond to appear Oct. 28 in the Granite City court.

JEWELRY BURGLARY

Forcing open a door last week, a burglar took two jewelry boxes, costume jewelry, a gold ring, a stereo cassette radio and two speakers from the home of Jane Pinnon, 2312 Missouri Ave.

Rep. Wolf bill to license CPAs signed by the governor

The continued mandatory licensing of Certified Public Accountants is called for by a bill sponsored by State Rep. Sam Wolf (D-Granite City), which was signed into law by the governor.

"Making sure all CPAs are licensed protects the public interest several ways," Wolf explained.

"First, CPAs are the only ones who can issue an opinion on an audit. Second, when a CPA undergoes license renewal procedures, he must participate in continuing education."

"Since licensed CPAs are always updating their knowledge and skills, citizens can be assured of having quality accountants," Wolf said.

Previously, licensing of CPAs has been required. Wolf's bill essentially keeps licensing practices the same.

Although the measure was not endorsed by the Independent Accountants Association as introduced, after some negotiations they decided to support the bill, Wolf said.

Every licensed profession in Illinois undergoes a periodic review to determine what rules and regulations need to be updated, changed or eliminated. CPAs underwent such a review earlier this year and this bill is the result of that review, Wolf explained.

"I was pleased the governor signed my bill. It will ensure competent CPAs for the public and will enhance the integrity of the entire profession," he added.

CHARGE BROOKLYN MAN IN MADISON

Larry Abraham, 23, of Brooklyn, Ill., remained early this week in the Madison City Jail on charges of driving without a valid driver's license and speeding and an active warrant, issued through Granite City police, alleging failure to appear in court on a retail theft charge.

Abraham was taken into custody at 9:50 p.m. Friday when his vehicle allegedly was clocked on radar traveling 45 mph in a 30 mph zone. The Granite City warrant was served while Abraham was in the Madison City Jail.

HOME IS RANSACKED
A burglar who entered through a door ransacked the residence of Mary Fernandez, 3506 Princeton Drive, last week.

Veterans' burial aid

The Veterans Administration is reminding former servicemen and women that awareness of VA burial benefits can often spare the family of a deceased veteran anxiety and financial hardship following the veteran's death.

Interment in a national cemetery is available to veterans discharged under conditions other than dishonorable. Also eligible, under certain guidelines, are a veteran's spouse and minor children.

VA will furnish a headstone or marker to memorialize a veteran or mark the grave of a veteran buried in a national, state, or private cemetery.

The agency also will provide markers to eligible dependents interred in a national or state veterans' cemetery.

A memorial marker or headstone for veterans whose remains have not been recovered or identified is also provided by the VA. This includes those who were buried at sea, those whose bodies were donated to science, and those who were cremated and the ashes scattered. A memorial section in national cemeteries honors these veterans.

VA also provides up to \$300 toward the burial expenses of eligible veterans and \$150 as a plot or interment allowance if the veteran is not buried in a national cemetery or other government cemetery.

Burial allowance eligibility is established if the veteran was entitled at the time of death to VA compensation or pension payments or had died in a VA medical facility. This eligibility may also be established in cases of certain indigent veterans whose remains are unclaimed.

The plot allowance is available if the veteran is entitled to the burial allowance, or served during a war period, or was discharged or retired from service because of a disability which was incurred or aggravated in line of duty.

If the veteran's death is service connected, VA will pay an amount not to exceed \$1,100 in lieu of the usual burial and plot allowance.

VA will also provide:

1. An American flag for use in covering a casket.
2. A reimbursement for part of the cost of a headstone or marker bought and placed on the grave of a veteran. The current amount is \$67, the average cost of government headstones purchased by VA.
3. A memorial certificate, bearing the signature of the U.S. president, expressing the nation's recognition of the deceased veteran's service.

PAUL HALBERT, General Manager

GARY SCHNEIDER, Editor

Justifying their own existence?

It was disappointing news, but we can't say surprising, when the U.S. Corps of Engineers announced here Monday afternoon that after years and years of expensive studies, the Villiside Drainage program still is a long way from a shovel turning over any dirt.

The bottom line is if the federal government finds the project will save more money than it will cost, and if Congress decides the project can be funded, at the 1972 interest rates, instead of today's high interest rates, then PERHAPS the project can take the next step.

We said years ago that if the Corps could take the money it was spending studying the project and use the funds to actually dig ditches, the program might end up draining water. But no, it's back to the drawing boards.

In light of today's economy, the Corps now must figure the cost-benefit ratio of each segment of the program. That will take six months, at least, the study manager says.

Then comes the most delicate part, the determination of the interest rate and other essential decisions have to come out of Washington, D.C., and we all know how quickly things come back from Washington.

If only, in 1972, the Corps had turned its budget from studies toward land acquisition and actual digging, we would today have drainage, not an expensive mountain of paper from all the studies.

We think it's about time that somebody conducted a cost-benefit ratio analysis of the Corps of Engineers studies. But who would do the study?

Fewer distant trials likely here

Do Madison and St. Clair counties have some kind of divine right to serve as the trial scene for a vast number of railroad, barge and other personal injury lawsuits from many Midwestern states?

No, said the Illinois Supreme Court Sept. 16 in expanding the "non convenient forum" concept from interstate to intrastate cases. The reverberations of that ruling are still sounding off the walls of the Madison County Courthouse in Edwardsville and the St. Clair Courthouse in Belleville. Still another new ruling requires the Madison County circuit to reconsider a March 12, 1982, order denying a railroad's request to transfer an Evanston accident case to Cook County.

All verdicts rendered locally over the years are being defended as appropriate. But the reason people travel hundreds of miles to argue cases in so-called "plaintiff's paradise" is not just the beauty of the scenery and the comfort of the courtrooms.

Midwesterners are compassionate people who tend to respond positively to the plight of the underdog — an individual hurt or harmed in some way, often by a big and faceless corporation. This may be the key to why the 3rd and 20th court circuits are so busy. Now, the

justices say, those who file lawsuits may need to look for such compassion elsewhere.

Convenience for witnesses and evidence ought to be given more consideration and it can be the basis for trial transfers in some of the suits filed here, the Supreme Court says. The high court seems to imply that some of the well-to-do lawyers who ply their trade in this region can afford to fly to faraway cities if they wish to remain as active as before.

We wish no economic depression for places like Edwardsville or Belleville, and we do not expect one to develop. But we cannot say that only this area has fair jurors and judges; there is no clear-cut reason why our area is intrinsically more suitable than other locales.

We are not surprised at the ruling, especially in the wake of the mammoth judgments favoring dozens of plaintiffs in the recent adjudication of a rail-related toxic spill that had no visible link to Madison County.

Factors that now must be kept in mind are "the availability of an alternate forum, access to sources of proof, accessibility of witnesses, the relative advantages and obstacles to obtaining a fair trial, the congestion of the court dockets and the convenience of the parties."

Ps-s-st! Your yuks are showing

No kidding, a group of California psychologists has come up with a Sense of Humor Inventory of 40 jokes representing 10 categories of humor. It doesn't show whether you have a "good" or "bad" sense of humor, but it's supposed to tell something about your personality.

Take this story, for example: A man falling from a cliff grabs hold of a root and, hanging in midair, looks heavenward and cries, "Is anyone out there?" A voice responds: "Yes, my son, let go and I will bear thee up." After a pause, the man says: "Anyone else?"

If you like that type of "philosophical" humor, the researchers say, you're impulsive, enthusiastic, cheerful, expressive and alert. If you like social satire ("Military intelligence is a contradiction in terms"), you're apt to be jealous, dogmatic, tyrannical and irritable. If you get a real yuk out of ethnic jokes, you're a tough-minded realist. You are "unsentimental, cynical" and you "reject illusions."

If you like sex jokes (Man to woman, while pouring her a drink: "Say when." Woman: "Right after this

drink."), then you're impulsive and unsophisticated. If you don't like "sick" jokes, you're probably sober, introspective and full of cares. But if you like nonsense jokes ("What does a grape say when stepped on? Nothing — just a little wine."), then your personality is more self-assured than apprehensive.

Well, you get the idea. But isn't the whole thing a little frightening? How are you supposed to know that the fellow reciting jokes at the next cocktail party isn't really testing your personality?

If you laugh at the wrong kind of joke, you risk being pigeonholed as dogmatic or unsophisticated. But if you don't laugh at the right jokes, you're apt to be viewed as too apprehensive or introspective.

Everyone will have to practice laughing and keeping a straight face on cue.

It's high time we all start taking our humor more seriously. (Reprinted by permission of The Milwaukee Journal)

Carmen Rowe

Mary Ellen Ryder

Quad-Cityans were asked this week about the sudden cooling trend in the weather and if they thought it was going to make a difference in their utility costs. Their reactions follow:

Sue Femrite

"I think this cooler weather is great. I'm originally from the North (Rochester, N.Y.) and I've had enough of this hot weather trend. I don't know if fall is going to be early this year or if fall is going to be shipped altogether. I don't read the Farmer's Almanac."

Joyce Boyd

"I don't like this weather because we're not getting any break between the heat of the summer and the cold of the winter. Whatever happened to the fall? My utility bills are going to stay high because now I'm using the heater instead of the air conditioner."

Carmen Rowe

"I think this cold weather stinks. It came on too suddenly. My husband has already caught his first cold because of the cool air."

Mary Ellen Ryder

"I'm glad the weather has cooled down. I love being able to wear fall clothing. The weather seems to have put people in a better mood; more people are getting out and doing things. My plants are doing much better in this weather, too."

Soviets want to flex muscles and intimidate

To the Editor:

We join in expressing our sense of disgust at the barbarity of the Soviet Union in shooting down the unarmed Korean passenger airliner.

It is difficult to imagine how the Soviets can claim to stand before the rest of the world as a civilized nation unless and until they make full atonement for this act of savagery.

It is, of course, hard to stop thinking about 269 human beings hurtling to sudden death from a dark sky into a cold ocean. But it does no good to linger over the horror.

Beyond the dismaying shock of what happened over the waters near the Soviet island of Sakhalin loom the questions of how to interpret it and what to do about it. What are the Soviets telling us — and the world — when they commit an act like this? What's the appropriate response from our side?

To begin with, let's not pay attention to anybody who tries to argue that the Soviets could have been afraid the passenger plane that wandered by accident into their airspace might have been disguised for a spy mission.

In fact, it would be less far-fetched to suppose that the KGB staged the shooting to kill Georgia Congressman Lawrence P. McDonald, one of the passengers, whose anti-Communism has more than once frustrated Soviet causes in the House of Representatives.

No, the only logical explanation for the cold-blooded killing is that Yuri Andropov felt it was time to bloody Uncle Sam's nose again. A little muscle-flexing, a little show of contempt; another hint to the community of nations that the United

States is a paper tiger, ready to fold when there's a real challenge. Another chance to stir up choruses of caution in his country, crying that we mustn't jeopardize arms control negotiations by "overreacting" to Soviet provocations.

No sensible person wants to start World War III because of this killing, vicious as it is. But national self-respect demands a response beyond the initial deploring of the president, the secretary of state and other high government officials.

What can we do? Plenty. There are at this country's disposal any number of sanctions that would hurt the Soviets and vindicate American honor. The first step is to get the full account from the president has demanded from the Soviets of what happened.

Considering the long time the Soviet jets spent in pursuit, the shooting had to be a calculated action, undoubtedly authorized from the top.

The least recompense the Soviet government can make is to apologize and extend reparations to the families of the victims. Beyond that, if the Kremlin shows a disposition to tough it out, we could cut off cultural exchanges, suspend all negotiations now in progress with the U.S.S.R., and cut off trade. We should reconsider the grain deal.

The main thing for now is to let the Kremlin and the world know that the United States of America is not going to take this one as though it didn't matter.

The event will take place at Pantera's Plaza.

GRAVITY THE GC AMBULANCE CREWS

To the Editor:

I wish to give acknowledgment to our Granite City paramedics. After witnessing the dedication and teamwork I saw performed recently on a stricken heart patient. I feel these men are truly deserving of our recognition.

GRANITE CITY RESIDENT

Memorials can be dangerous

To the Editor:

I read the article by Jacquelyn King. My heart goes out to her family. But you, as a paper, could put a stop to a lot of the robberies. When the people want to put an article about sadly missed by their wives, you could tell them that's really not a wise thing to do. It leaves an opening for the bums that are too lazy to work to rob them.

The ladies tell the world they miss their men, and are by themselves and don't realize it.

The paper could print safety rules to help the ladies. They need to be reminded often.

Grief for their men makes them put it in the paper. Now you, as a paper, do your part and tell them, "Please, think about this."

I know there is freedom of the press, but do you need the money that badly not to tell them to think? You might miss a small amount of money, but it would be worth it to save someone.

Collector does not set assessment levels

To the Editor:

The total amount collected for Venice township real estate taxes was \$812,046. Seven distributions were

made to the taxing bodies. Venice township collectors were restricted from collecting more money due to the fact many of the large cor-

porations paid under protest and town collectors are not allowed to collect protest taxes.

The township collector does not have anything to do with the real estate assessments. This is determined by Township Assessor Margaret Reidelberger.

DR. RICHARD REINHARDT, Granite City chiropractor, received the third degree in Masonry at the White Haven Lodge in Memphis, Tenn. Participating in the degree were five grand lodge officers of Illinois, Illinois Scottish Rite Degree Team and the officers and members of Lodge 835 of Granite City. From the 52 states, Illinois was chosen for the honor and from the 750 lodges in Illinois, Lodge 835 was selected to pick a recipient. After receiving his degree, Dr. Reinhardt received the Masonic Holy Bible and a Masonic hat from his father-in-law, Hershel Thrasher, who is an officer of Lodge 835. Attending the Gravel Pit Third Degree of Masonry of the state of Tennessee were 450 masons from many states.

Trampoline sales planned

Want a trampoline? The Granite City School Board decided Tuesday night to sell seven trampolines and five mini-trampolines, the latter known as trampolettes. Many of them have chrome construction with web nylon beds, protective side padding and transporter wheels. The district has discontinued using the equipment because of the potential liability in the event of injuries. The trampolines have been in storage for three years. Factors in the discontinuance included a legal opinion by William Schooley, District Nine attorney, and negative stands taken by the medical profession and the American Association of Health, Physical Education and Recreation.

GARAGE BURGLARY

Burglars forced open an overhead door, damaging an electric door-opening device, to get into a garage at the home of Roger Morthland, 2800 Denver Ave. It was reported early this week. Prior to items being inventoried, immediately determined to be missing were welding equipment valued at \$350, a chain saw worth \$375 and an air drill costing \$125.

Eligible residents of Nameoki Township may receive free cheese and other commodities Wednesday, Sept. 28, starting at 8:30 a.m., at the Nameoki Town Hall, 4250 Highway 162, it was announced this week by Township Supervisor Harry Briggs.

Cheese also will be distributed to township residents living in the State Park area beginning at 9 a.m. Wednesday, Sept. 28, at the State Park Fire Department.

In order to receive cheese and other commodities, those eligible are required to show proof of residency in Nameoki Township, either a recent utility bill or rent receipt, and provide their social security number. An affidavit certifying income also must be signed, Briggs advised.

Madison County Economic Opportunity Commission employees will handle the distribution, assisted by

ALLEGES MAN RUNS BRIDGE TOLL TWICE

Receiving a report of a specific vehicle allegedly passing the toll booth on the McKinley Bridge at Venice without paying on Thursday, Bridge Manager Tom Fields asked police to watch for the driver the following day.

At 7:15 a.m. Friday, Robert R. Hess, 24, of Wood River, allegedly went through the bridge toll plaza without paying and was placed under arrest and charged with two counts of running the toll.

Hess was released after posting a \$104 cash bond to appear in the Granite City court Oct. 7.

19TH and CLEVELAND

THE 1984s ARE IN. Bill Woodrome of Woodrome Oldsmobile in Granite City shows one of the 1984 Cutlass Ciera Holiday Coupes that have arrived at his dealership. The cars come available with a wide range of options and power trains. Woodrome says he is very pleased with the public reaction to the 1984 Oldsmobiles and is inviting Quad-Cityans to come examine them at 19th Street and Madison Avenue.

Gun pointed at motorist

Granite City police are investigating an incident in which a large revolver was pointed at the head of a motorist, Claudette Price, 31st Calhoun St., Venice, last week.

A red auto began following her as she passed Granite City High School and it drew alongside the left side of her southbound car when the vehicles reached the 2600 block of Madison Avenue.

There were four teenage boys in the red car. One seated in the right front pointed the handgun at her when the quartet began laughing and the auto moved away.

When she reported the occurrence Tuesday, the car was traced by police and occupants were identified. Arrangements were made for them to be questioned.

Tenants moving in Town and Country

By GEORGEANN MCGEE of the Press-Record

Town and Country Apartments, Parkway Drive, opened its doors to tenants this week, following the city's issuance of a temporary occupancy permit for five buildings in the complex.

Edward Schulze, city engineering employee, said the temporary permit expires Nov. 1 if certain siding and landscaping improvements are not completed by that time.

The permit was approved for the apartment complex last Friday.

Tenants have been signing leases and receiving keys this week. All five of the units are expected to be occupied by Friday, according to a Town and Country employee. About 30 families

will be moving into the new quarters.

Potential tenants have had to contend with numerous delays. Last week, one tenant circulated a petition protesting the long waiting period for occupancy. Tenants had set last Friday as their deadline before taking further steps.

Some residents who had expected the complex to be open months ago, have been forced to live with relatives or make other temporary arrangements after giving up their former apartments elsewhere.

Still waiting for their apartments to be completed are senior citizens, who will occupy a 60-unit building at Town and Country.

According to Nancy Tosh, manager of the apartments, senior units will "hopefully" be open before Thanksgiving.

Tenant expectations had been raised when a past manager ran at least one advertisement last spring stating both the family and senior citizens' apartments would be "brand new and ready for occupancy May 1983."

In a subsequent letter issued to apartment applicants by that manager, applicants were "advised that due to construction delays at the complex, the new dates for occupancy will be on or about 30 June for the Townhouses, and 1 August for the Elderly Building. Therefore, you should make the necessary arrangements with your landlords."

Mayor Paul Schuler said the city has not acted unreasonably in its occupancy requirements and blamed earlier statements issued by complex representatives as the reason for tenants' frustrations.

The siding that has failed to pass inspection "looks like the ocean when a typhoon is coming," Schuler said.

No discussion on school board election meeting

No discussion was held at Tuesday night's Granite City School Board meeting on a board election campaign gathering that took place, three days earlier.

The campaign session had been assailed early this week by Board Member David Partney, who disclosed that he believes were present, and said that the group included board members, school administrators and others.

Partney did not bring it up Tuesday night, nor did any of the other members.

A letter written Monday by Leon G. Scroggins Sr., Partney's attorney, advised Madison County State's Attorney Don Weber that the Sept. 17 meeting included members of the board, a candidate for election to the board, and other individuals.

The letter said the location was the law offices of William Schooley, attorney for the school district.

Scroggins continued, "Mr. Schooley has previously advised the members of the school board, including my client, that under the provisions of 41 and following of Chapter 102, Illinois Revised Statutes, the members of the board should not meet—even casually for lunch—because there might be allegations that there were discussions of public business."

"My client strongly feels that there should be an investigation of this meeting to determine if there was any discussion of public business."

"I would appreciate the advice of the state's attorney's office concerning whether you will proceed with an investigation of this matter and the results of any such investigation."

The meeting is said to have been a planning session for an October campaign fund-raising event. Five will be elected to the board Nov. 8.

FORMER RESIDENT UNDERGOES SURGERY

Paul Cicka of 23 W. Madill St., Anheuser, Calif., formerly of the Quad-Cities, underwent major surgery in an Anheuser hospital, and is now recuperating at his home, according to word received here this week.

He was additionally charged with possessing cannabis after a bag of marijuana allegedly was found in his right sock during the booking procedure.

He appeared before Associate Judge Thomas E. Hildebrand in the Granite City court at 7 p.m. Tuesday. He pleaded guilty to the cannabis charge and was sentenced to serve six months in the Madison County Jail at Edwardsville.

Bonds of \$6,102 were set on the charges of robbery and two counts of aggravated battery and Woolfolk was transferred to the county jail Wednesday morning.

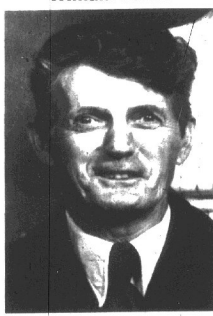

Carole McPike has been appointed sales manager for the Collinsville Hilton Inn

Carole McPike has been appointed sales manager for the Collinsville Hilton Inn being constructed by B.C. Gitch of Granite City and Gary Gears at Route 157 and Interstate 70-55. She will be contacting state associations to seek bookings for groups and convention business.

Granite City Press-Record

Obituaries

William Jones

William S. Jones, 70, of 2712 Denver St., died at 11:18 p.m. Monday, Sept. 19, 1983, at St. Elizabeth Medical Center. He had been ill six months and hospitalized three weeks.

Mr. Jones was born in Poplar Bluff, Mo., but resided in Granite City most of his life.

He was employed as a custodian by the Granite City School District 12 years.

Mr. Jones was of the Protestant faith and was a former member of Eagles Aerie 1126.

Among the survivors are his wife, Mrs. Clara (Dine) Jones; three sons, Danny and David Farley and Billy Jones, all of Granite City; seven daughters, Mrs. Melvin Lee (Carol) Cokley, Mrs. John (Kathy) Getz, Mrs. Richard (Sherry) Mousette, Mrs. Steven (Lora) Dezen, Mrs. Donna James and Mrs. Richard (Darlene) Dixon, all of Granite City, and Mrs. George (Rosealie) Mitchell, St. Louis, Mo.; one brother, John Jones of Mount Olive, Ill.; four sisters, Mrs. Opal Blackford, Madisonville, Ky., Mrs. Jim (Clara) Bedwell, Williston, Fla., Mrs. Paul (Sarah) Stover and Mrs. Lee (Velma) Boyer both of Granite City; 27

grandchildren and four great-grandchildren.

Mr. Jones was preceded in death by three brothers and one sister.

Visitation will begin at 2 p.m. Thursday, Sept. 22, at Bob Thomas Memorial Mortuary, 2205 Pontoon Road, where services will be conducted at 1 p.m. Friday. The Rev. Henry Crippen will perform the ceremony. Burial will be in Lakeview Memorial Gardens, Belleville. Memorials may be sent to the Cancer Foundation.

Fay Liddell

Funeral services were held at 1:30 p.m. Tuesday, Sept. 20, at the Parker Funeral Home, in Columbia, Mo., for Fay Liddell, 83, of Columbia, Mo., father of a Granite City resident.

He died Friday, Sept. 16, 1983, at a nursing home in Columbia.

Mr. Liddell was born in Iowa. Survivors include his wife, Mrs. Ruby Liddell; two sons, Fay "Ray" Liddell Jr. of Granite City and Richard Liddell of Houston, Texas; a daughter, Mrs. Bob (Doris) Brookings of Vista, Calif.; six grandchildren and six great-grandchildren.

Burial was in a cemetery near Columbia, Mo.

Arthur Link

Arthur D. Link, 77, a lifelong resident of Granite City, died at 6:15 a.m. today, Sept. 22, 1983, at Oliver C. Anderson Hospital in Maryville, where he was a patient two days. He was 117 years old.

Mr. Link worked at the former National Lead Industries 20 years and retired in 1972 as a shipping clerk.

He was a member of Bethel Evangelical Free Church.

Survivors include his wife, Mrs. Christine (Shirley) Link; a son, Jerry Link, Edwardsville; two daughters, Mrs. Linda Carr, Denver, Colo., and Mrs. Ronald (Cheryl) Frith, Granite City; one sister, Mrs. Meta Meyer, Granite City; four grandchildren and four great-grandchildren.

Visitation will begin at 5 p.m. Friday at Bob Thomas Memorial Mortuary, 2205 Pontoon Road, where funeral services will begin at 1 p.m. Saturday.

Sept. 24, with the Rev. Robert Widoin officiating. Burial will be in Sunset Hill Cemetery, Edwardsville Township.

Viola Werner

Mrs. Viola (Doherty) Werner, 62, formerly of 1649 E. 23rd St., died at 10 a.m. Wednesday, Sept. 21, 1983, at Anna Henry Nursing Home in Edwardsville, where she was a patient 10 months. She was in ill health four years.

Mrs. Werner was born in Venice and was a lifelong resident of the Quad-City area. She was of the Baptist faith.

Her husband, Charles Werner, died July 13, 1979.

Survivors include two daughters, Mrs. Neil (Evelyn) Niggie, Granite City, and Nora Werner, Germany; eight sons, Joseph, Donald, Fred and Tom Werner, all of Granite City, Dale and John Werner of Van Buren, Ark., Charles Werner, Lincoln, Ill., and George Werner in Germany; one sister, Mrs. Maxine Dacus, Granite City; two half brothers, John Mowery, Duplo, Ill., and Dale Mowery, St. Louis, and 11 grandchildren.

Visitation will begin at 4 p.m. today at Mercer Mortuary, 1416 Nidringhaus Ave., where the Rev. W.L. Showers will conduct funeral services at 1 p.m. Friday, Sept. 23. Burial will be in Valley View Cemetery, Edwardsville Township.

Woman hurt in purse snatching

A Venice man who allegedly snatched the purse of a senior citizen outside the K-Mart store in Granite City, injuring the woman in the process, was charged with robbery and two counts of aggravated battery Tuesday in informational documents issued by the Madison County state's attorney's office to the Granite City Police Department.

Melvin D. Woolfolk, 25, of 1034 Douglas Ave., Venice, was arrested by Venice police and turned over to Granite City officers shortly after the purse snatching incident occurred at 10:55 a.m. Monday.

Woolfolk was additionally charged with possessing cannabis after a bag of marijuana allegedly was found in his right sock during the booking procedure.

He appeared before Associate Judge Thomas E. Hildebrand in the Granite City court at 7 p.m. Tuesday. He pleaded guilty to the cannabis charge and was sentenced to serve six months in the Madison County Jail at Edwardsville.

Bonds of \$6,102 were set on the charges of robbery and two counts of aggravated battery and Woolfolk was transferred to the county jail Wednesday morning.

Mrs. Eunice Hahn, 65, of the 4000 block of Sara St., was walking south toward the front entrance to K-Mart when a man grabbed her tan shoulder, wrestled the purse from her and knocking her to the ground. A wallet inside the purse contained \$40 cash and credit cards.

In the attack, Mrs. Hahn also was dragged a short distance on the pavement and suffered a fracture of her left shoulder and various abrasions and bruises to her knees and wrists, reports said. She was taken by ambulance to St. Elizabeth Medical Center.

The victim was able to describe her attacker and an employee of a nearby store gave police a further description, noting the man was wearing a sweatshirt on jogging outfit and ran around the north end of K-Mart toward the rear of the store.

At that point, a K-Mart employee exiting the store saved a man minding the description from behind the building and heard several people yelling "the man, the man," who allegedly was involved in the incident.

The employee chased the man, later identified as Woolfolk, behind Gasen Drugs and the Kroger store, where the man got into a 1972 auto and sped away. A license number was obtained and Venice police were contacted, Granite City police reports said.

Venice officers questioned the owner of the vehicle, who alleged Melvin Woolfolk had borrowed the auto to go to the unemployment office in Granite City. He was not at the house, it was alleged.

Police learned from another source that Woolfolk had been seen in the area and he was taken into custody at a relative's home in the 1000 block of Logan Avenue, Venice. He then was transferred to the Granite City jail.

'Buy American Week' planned Oct. 9-16

Granite City Mayor Paul Schuler has signed a proclamation declaring Oct. 9 to 16 as National Buy American Week.

The proclamation is intended to honor this country's workers and to foster local business prosperity.

The statement expresses a concern about competition from foreign labor markets.

that could have the potential of reducing the standard of living of American workers.

"B. A. P. Return America's Prosperity, (is) dedicated to the future of America and its people," the proclamation states.

Residents are being encouraged to support their economy by buying only American products the second week in October.

CAR HITS A BOY IN EAGLE PARK

Don Garrett, 12, of 1016 Douglas Ave., Venice, sustained an injury during the weekend when struck by a vehicle operated by Lonney Wiley, 101 Booker St., Eagle Park Acres, at Carver and Hill Streets in Eagle Park, according to Madison County Sheriff's Department reports. The boy was taken by his mother to St. Elizabeth Medical Center for treatment.

RELEASED ON BAIL

Thomas L. Richardson, 29, of 3101 Kirkpatrick Homes was released on \$52 bail last week after being arrested there the previous evening for disorderly conduct. He allegedly hit a youth, cursed and voiced a threat.

ARRESTS NEAR STORE

John R. Jackson, 20, of 4444 Washburn Ave. and Jerry K. Jordan, 17, of 2105 Miracle Ave. were charged late last week at the Central Hardware store re-loading dock with attempted theft of a 25-foot extension ladder. Jordan also was booked for a curfew violation. The ladder was located in nearby weeds.

TAKE CASE, PLAYER

In a burglary at the home of John A. Johnson, 4405 Kirkpatrick Homes, last week, the intruder stole \$55 cash, three vials of prescription medicine and an AM-FM cassette player valued at \$180.

Quincy St. rezoned for slag truck lane

By GEORGEANN MCGEE
of the Press-Record

Granite City is trading a short street for a new ambulance to allow Granite City Steel Division of National Steel to revise its system for transporting slag.

The city will vacate block-long Quincy Street, squeezed between the steel firm and International Mill Service (IMS). The street will be used as a corridor for a huge vehicle ferrying molten slag between the two industrial sites.

The steel firm previously purchased all the private

residences along Quincy Street.

Railroad-type crossing gates with flashing lights will be installed to stop traffic as the slag trucks cross 20th and 21st streets. Those two streets cut through Quincy Street as they carry traffic between Madison Avenue and Edwardsville Road.

The slag trucks will move about 5 miles per hour and will make the round trip between the steel company and IMS about 21 times during each 24-hour period.

Granite City Steel will assume responsibility for

any accidents or injuries that may occur when the loaded 200-ton trucks cross those two public streets. The steel firm also will maintain the two intersections.

Aldermen suspended the rule requiring two readings of a proposed ordinance and unanimously approved on first reading the vacating of Quincy Street and certain feeder alleys, reclassifying those areas industrial sites and allowing the slag travel and safety device construction.

Attorney Leo Konzen, representing the steel firm,

said the company will donate \$30,000 in exchange for the street. The city is expected to purchase a new ambulance with the funds.

Third Ward Alderman Carl Kittel is requesting National Steel "to keep clean and dust free to the best of their ability" the area where the slag trucks will travel.

The trucks will measure about 23 to 24 feet in the rear. Their size necessitated the rezoning of Quincy, according to Konzen.

Currently, the slag is transported in cask from Granite City Steel's Basic Oxygen Furnace to IMS.

News Notes

Opposing the requested dismissal of two of 12 charges against Thomas R. Brimberry, former Slix & Co. stock brokerage senior vice-president, federal prosecutors said in St. Louis Wednesday he has "engaged in double-dealing, false statements and deceit from the first day of his agreement with the government."

He promised cooperation with investigators in return for being prosecuted on only one count, but U.S. attorneys later alleged he did not cooperate fully. His trial is set for Nov. 21. In Illinois in June, he was sentenced to 10 years in prison.

Operating budget up for McKinley Bridge

By VALERIE EVENEDEN
of the Press-Record

Operating expenses for the McKinley Toll Bridge in Venice are expected to cost a total of \$664,240 in 1983-84, according to a budget resolution adopted Tuesday night by the Venice City Council.

The operation and maintenance budget for the new bonding year, beginning Oct. 1, was prepared with the cooperation of Hardesty, and Hanover, a New York consulting engineering firm.

The new budget shows an increase of \$40,546 in predicted expenditures over last year's total of \$623,694, primarily due to higher expenditures in each of the bridge funding, areas, according to Bridge Manager Tom Fields.

Operating expenses account for \$215,526 in the new budget, up \$8,054 over last year. Other funds, with last year's totals in parenthesis, are: maintenance expense, \$73,446 (\$69,075); painting reserve, \$48,000 (\$43,000); and general administration, \$327,268 (\$312,946). An additional \$200 was added to last year's budget by amendment in June.

Vehicular traffic crossing the McKinley Toll Bridge still is running well ahead of this time last year, Fields reported to the Venice aldermen.

Last month, a total of 442,702 vehicles utilized the bridge, showing an average daily increase of 2,417 vehicles per day as compared to August 1982.

Council members also authorized the attendance of city employees Paul Hill and Green Jacks at the Illinois Mosquito Control Association's annual conference at Itasca, Ill., Oct. 3 and 4.

Members of the American Mosquito Control Association's board of directors also will hold their mid-year meeting at the same location Oct. 5, it was announced.

Papers to be presented will outline contemporary issues in mosquito control in the Midwestern states and will offer practical information to personnel working in this field, it was noted.

Aldermen authorized the publication of a notice for bids for the purchase of materials and equipment for the Lee Park renovation project.

Prospective bidders must obtain plans and specifications at the office of Venice Comptroller Roseanna Koelker in the Venice City Hall, it was noted.

Sealed bids must be delivered in person or by mail to the comptroller's office no later than 3 p.m. Oct. 3 and will be opened at 8 p.m. Oct. 4.

More school equipment is to be moved

Additional equipment is to be moved from the former Granite City High School to North to other buildings as needs develop and as space permits, Supt. B.J. Davis told the School Board on Tuesday night.

The former high school is leased to Belleville Area College, which is operating a two-year college program at the renamed Granite City Center.

Board Member Thomas Mofsky asked whether the district is failing to claim and use valuable items purchased by District Nine taxpayers, noting that he also had raised the point previously.

The superintendent said equipment that may yet be moved from North has been identified, and that there has been ideal cooperation with the district by GCC Provost Frank Gornick.

Gilbert Wainmley, high school principal, said good progress has been made in consolidating the two high schools into one. He praised GCC and the efforts of the District Nine staff, including Ronald Landman, director of buildings and grounds.

Board Member David Partney cited reports of an inadequate number of textbooks and workbooks for students at various schools.

Warren Collins, ad-

ministrative assistant for elementary schools, said textbooks have been moved from the six closed schools to the 12 now being operated.

Some supplies of workbooks were insufficient and are being augmented, he added.

Board Members Monroe Worthen and George Moore, who served on the district's committee that negotiated with the Federation of Teachers, said there were outstanding contributions to the "team" by five administrators.

Those commended were Collins, Assistant Supt. Frank Kraus, Employee Relations Administrator Harold Hillmer, Personnel Administrator Terry Salem and Mike Sikora, principal of Coolidge Junior High School.

Worthen pointed out that the group devoted long hours to the talks without extra pay. Hillmer, the negotiating chairman, praised Moore and Worthen.

Mr. and Mrs. Paul Mikulas asked that baton twirling by their daughter, Rhonda, be incorporated into GCHS programs at athletic contests.

Board members said they acknowledge her skill but do not wish to dictate to the band director, just as they board would not tell a coach which player to utilize. The workload has increased

greatly with the merger of the South and North bands and the operation of pompon and rifle-flag units; membership estimates were 150, 40 and 30.

Rather than proposing that halttime programs choreography be changed, the board asked Wainmley to see whether scheduling of one or two guest twirling performances might be feasible.

ARREST ON WARRANT
Leo Pelek, 32, Clearwater, Fla., was arrested at 1:50 p.m. Wednesday at Maryville and Pontoon roads on an early-1983 warrant alleging theft. He was released a half-hour later on \$102 bail.

Bake sale at St. Joseph's

Our Lady of Guadalupe Society will sponsor a sale of homebaked goods following the 9 a.m. and 11 a.m. masses Sunday in the basement of St. Joseph Catholic Church, 2101 State St. The public is being invited to participate.

Mrs. Elva Ortiz, society president, said proceeds from the bake sale will help defray expenses for a special Spanish mass commemorating the Feast of Our Lady of Guadalupe.

Plans are being completed for the annual celebration, which is scheduled Dec. 11 at St. Joseph Church.

State's Attorney Don Weber and Pamela Klein of the SIUE Rape and Sexual Abuse Care Center were among those testifying Wednesday before the Illinois Commission on the Status of Women regarding allegedly frequent sexual harassment and seduction of young students by teachers.

A new law permits Madison and St. Clair counties bingos prizes to total \$3,250 a day instead of \$2,250.

Azizi Funt, 32, of Elgin and an unidentified person won \$1,094,440 each in the state lotto game, it was announced Tuesday. A Missouri state lottery was proposed today by the St. Louis County Municipal League.

FILEDUI CHARGE AGAINST DRIVER
After finding Bruce A. Burnett, 2045 Thirteenth St., allegedly asleep in a vehicle with the engine running in the left turn lane of Madison Avenue at 20th Street at 3:30 a.m. Tuesday, officers took him into custody.

A breathalyzer test was administered, and Burnett, 29, was charged with driving under the influence of alcohol. He was released after posting a \$102 cash bond.

TOOLS STOLEN
Air conditioning and electrician's tools, a tool box and a voltage tester were stolen from the pickup truck of Larry Cardin, 226 Edison Ave., he reported last week.

GC Council briefs

Additional Granite City Council actions and discussions Tuesday night, included the following.

The Opticon Emergency System — used to switch traffic lights from red to green for fire and police vehicles — will get a renovation, since the fire department has discovered problems. A survey by Dron Electric Co., estimated to cost about \$5,600, will be needed to get the system back in proper working order. Units at the intersections of 20th Street and Edwardsville Road and Niedringhaus Avenue and 20th Street were not functioning, while others need replacement parts. Motor Fuel Tax Funds will be used, and the work will not be bid.

The proper zoning classification for automotive body repair shops was debated by aldermen, who finally referred the matter back to the Plan Commission, which makes zoning recommendations to the city. Automotive body shops are not covered in the current zoning ordinance. At issue are plans to locate a body and repair shop at 2701 Pontoon Road and a tractor-trailer repair shop currently in operation on Nameoos Road. Both locations are classified C-5, highway commercial district. Some Plan Commission members have suggested during preliminary talks that those two types of businesses should be classified M-1 (warehouse industrial district). Objecting are Mr. and Mrs. Albert Kibort, who are purchasing the Pontoon Road property for a floral design business and the body repair shop. Mrs. Kibort told council members that other automotive repair shops have been allowed to open in C-5 areas within the past few months. The Kiborts have gathered a 3-500 signature petition agreeing to the business location. Seventh Ward Alderman Michael Modrusic said another petition protesting the business location has about 100 signatures.

Attorney Leo Konzen informed the council that the \$10 million in industrial revenue bonds for the A.O. Smith automotive plant were sold Sept. 1 to the Home Insurance Co. of New York. The Smith plant is set to reopen here in mid-1975.

Fourth Ward Aldermen Sharon Perjak, negotiations committee member, said the amount of sick leave pay going to city employees is starting "to go back up." She said sick leave payments currently average \$7,000 to \$10,000 a month. For the Sept. 1-15 pay period, some departments reported no absences, including the paramedics, humane, inspection, engineering and planning departments. The greatest number of employees taking sick leave was from the street and wastewater treatment departments. Some of the absences were supported by physicians' notes.

The police department was expected to hire a temporary crossing guard Wednesday for the intersection of Johnson Road and Lydia Lane, after a 96-signature petition was presented to the council Tuesday night. Seventh Ward Alderman Michael Modrusic asked the action on the hiring be taken immediately. The police will, meanwhile, evaluate the need to continue a Pontoon Road and Wabash Avenue guard site. Revised school bus routes may eliminate the need for a crossing there.

The Granite City Citizens' Forum sent a letter asking the city to respond to questions concerning its hiring procedures and bidding selections. After the meeting, the President Don Conley expressed his disappointment that the council decided to place the letter on file without taking further action.

Kenneth Spalding, 3317 Colgate Place, has asked the council to pay \$540 for building repairs to his home, needed after raw sewage flooded his residence June 3 and 4. He was among a number of homeowners in Leuders Park Estates to have their basements flooded with sewage following a summer rainstorm.

Chapter I funding okayed; Parkview parking planned

The Granite City school district's Chapter I program for the 1983-84 year has been approved by the Illinois State Board of Education, according to Troy Cole, state coordinator for the program. Utilizing federal funds, the state will provide \$77,688 for the year, an increase of \$34,803.

Gary L. Piroender, supervisor of the Chapter I program in District Nine, said the curriculum here has been increased to include mathematics. He has conducted three in-service workshops with mathematics teachers at Chapter I schools.

A report to the School Board on Tuesday night, prepared by Ronald Landman, director of buildings and grounds, said planning is continuing in regard to a goal of expanding existing parking space at Parkview School.

Landman added that a proposal to construct a sidewalk across property near Maryville School has been dropped due to the property owner's reluctance.

Active efforts to increase Parkview parking were urged by Board Member Dewey Melton, who said the volume of traffic and parking creates serious injury hazards for youngsters both on Maryville Road and on the Parkview school grounds. Board Member David Partney also advocated quick action.

Talks are being held with the Granite City park district, which owns Worthen Park east of the school, and with the Bethel Evangelical Free Church, located immediately north of the campus.

Melton noted that bus loading and unloading is occurring in the street rather than, as in the past, on school property. He said provision of a new parking lot for employees would free a campus area for the buses.

Congestion is severe in the afternoon and even worse in morning hours, he commented.

The board approved salaries and pension contributions for three Quad-City special education psychologists, Maria Gailher, Carol Reinking and Pam Gindler, the latter replacing Gary Presley, who resigned earlier.

Students returning to classes at Southern Illinois University at Edwardsville this fall will be welcomed with contests, food, games, parties, and "Break-The-Record Day" as part of Welcome Week - Greek Rush Week, Sept. 26 to 30.

"Break-The-Record Day," Wednesday, Sept. 28, will highlight the week with participants attempting to break two Guinness world records and establish a challenge in two new events.

The one-mile wheelbarrow race will begin at 2 p.m. on Hairpin Drive, with contestants trying to beat the world record of five minutes and 1.59 seconds. Two-person teams will compete, as a "charge" pushes a rider in a construction-type wheelbarrow.

Bubble gum blowers will attempt to break the world record of a 19½-inch bubble in the Bubble Gum Blowing contest beginning at 2:15 p.m. in the University

GRAND OPENING SALE: Mike McCoy, owner of The Record Company, will be celebrating the grand opening of his store with a cost plus sale. Starting Friday, Sept. 23, and throughout the weekend, single albums will be

sold for \$1 over cost and double albums will be featured at \$2 over cost. The Record Company has a wide selection of new albums as well as used albums. The store also carries K-SHE "stuff" and a full line of concert tour tee-shirts.

Cable Bowl expands to three lanes

The producers of "Cable Bowl," a show on Southwestern Cable channel I, have announced an expansion. Bowlers will now be able to participate in this locally televised program at three area bowling establishments: Cotton Bowl, in Edwardsville, Poplar Junction, in Highland, and Bowland, in

Granite City, where the show originated. "Since we began production," said Larry Williams, a producer with Lyn-Lar Productions, "we have had tremendous response from people throughout the state of Illinois and from some cities in Missouri."

"The acquisition of these two additional bowling houses will allow more bowlers within our viewing area to participate, and we hope to add even more houses to our list in the near future."

Cable Bowl is held every Saturday at 1 p.m., and is

open to bowlers 18 years and older.

"Bowlers compete in a four game qualifying round with the top five bowlers returning for a roll-off on channel I," said Lynn Beaver, a producer of the show.

"Cash prizes are awarded to these qualifying bowlers, with a first place purse of \$100 and a trophy being presented to the winner of the match."

The entry fee is \$15. Cable Bowl is open to both scratch and handicap players.

Handicap is 90 percent of 200 for men and 210 for

women. If a participant has no established book average, then an average of 200 is used. PBA card holders are disqualified from competition.

For more information on when and where Cable Bowl will be held, persons may call 931-0505.

Burglary charges against 2 suspects

Burglary charges were filed last week against Tim Miller, 18, of 3704 Nameoki Road and Robert E. Fetter, 18, of 1715 Garfield Ave. Police said the two were found in an alleyway behind 3701-3717 Nameoki Road at 3:55 a.m. that day.

Officers confiscated two pairs of gloves, two screwdrivers and a flashlight found on the ground.

At 3717 Nameoki, the Dayspring Book and Gift Store, a rear door was open and \$22 in change was missing from a cash register.

Each suspect was freed on \$1,000 cash bail after appearances Thursday afternoon before Associate Judge Thomas Hildebrand.

CATALOGUE FOR PLANETARIUM

The autumn catalogue listing astronomy courses and classes at McDonnell Planetarium may be obtained free by telephoning 1-314-535-5810 or writing McDonnell Planetarium, 5100 Clayton Road, St. Louis, Mo. 63110.

The course listings include opportunities for kindergarten and elementary school children, special interest courses for boy and girl Scouts, leisure evening classes for adults, college credit courses and other classes for the family.

Adults and children will learn to enjoy the stars and constellations of the evening sky. Other programs will take students from the earth they know to the edges of the universe.

Persons calling or writing for the course directory will be placed on the mailing list for future astronomy classes during the coming year at McDonnell Planetarium.

Unnecessary driving risks are like gambling

Gamblers beware: Many motorists take unnecessary chances when driving. This is a form of gambling. If you lose the bet, the stakes are high, human lives.

During the first eight months of 1983, 860 people were killed on Illinois highways. During the month of August alone, 127 people were killed

in traffic accidents in Illinois. How are you betting? Are you still with us?

In District Eleven, which covers the five counties of Madison, St. Clair, Clinton, Monroe, and Bond, there were 10 fatalities during the month of August. Last year during the same period, District Eleven had 13 fatalities.

Nationwide, a person is killed in a traffic accident approximately every ten minutes, 150 per day, 50,000 annually. The odds are that

one out of every two drivers will be involved in a fatal or personal injury accident. Would you like to change these odds? Take a drink or two. Now you are playing with a stacked deck. Stacked against you.

Captain Bobby L. Henry, Sr., Commander at District Eleven in Collinsville, urges all motorists not to take unnecessary chances when driving. You can reduce the odds of having an accident by obeying all traffic laws, reduce your speed when you encounter adverse conditions, and drive courteously. Always wear your seat belt and use child restraint devices for your children.

FOUR TIRES SLASHED
Betty Smith of Duplo, Ill., reported to Madison police that all four tires on auto were found slashed last week. The car had been parked at 14th and Iowa streets.

PLIGHT OF LOCAL FARMERS

Just one month of bad farming conditions turned the green, healthy fields of soybeans, being inspected at left, into the burnt and shriveled bean pods, above, photographed Friday. Gary Rapp, left, and Irvin Pinkston, of Farm Service, Edwardsville, inspect one variety of soybean, Hisoy 350, grown in one of nine test plots planted by Rapp on Cargill Road, across from his home. The Archer Daniels Midland soybean processing

plant is in background. Due to heavy damage by spider mites combined with the summer-long heatwave and lack of moisture, Rapp is expecting a 30 to 35 percent crop reduction compared to last year. A public field day on Tuesday, gave area farmers an opportunity to inspect the soybean varieties to help determine what to plant in the future. These are the first Farm Service tests plots grown in an urban area in recent years. (Press-Record Photos by Patrick Foley)

State to emphasize planning

Illinois is now in an improved position to "plan ahead."

Governor James R. Thompson has created an Office of Planning within the governor's office to set long-range goals for Illinois government, develop strategies to achieve those goals and assess the impact of state programs.

In establishing the new office through an executive order, Thompson named Public Aid Director Jeffrey C. Miller as director. Miller, 37, began his new work Sept. 12.

"Those of us in state government often find ourselves with too little information and too little time with which to sit down and make informed decisions on what goals we as a state should be striving for and the best way to get there," Thompson said.

"My hope is that with this new office we can answer some of the questions we all have — what is the future of our educational system, our welfare system, our health care system? How drastically has our economic base been changed in the past few years and who will it be changed in the future?"

"How will shifting populations affect us, especially in the crucial areas of prison transportation, welfare programs, housing and energy? The answers will improve our ability to forecast and shape the future."

"In the words of the Task Force on the Future of Illinois, 'a promising future is a prize, not a gift.' We will have a bright future only if our people begin now to look to the future and act to improve it."

Thompson has asked Miller to make his first project that of examining economic development.

"No single issue is more important to Illinois' citizens," Thompson said.

"We must determine how we can best ensure that the strong portions of our state economy stay strong in the coming years, and how to prepare for economic times that will change the face of businesses, including those that do not meet the demands of the public."

"Too often, decisions are made without adequate information about the long-term consequences or other choices."

"Programs are not rigorously evaluated to

determine their effects, both intended and unintended. The only 'good' thing about inadequate planning is that, when things go wrong, it comes as a complete surprise."

"Successful businesses succeed in part because of careful planning to find how to get and maintain their competitive advantage. Illinois can afford to do no less."

"Until you decide where you're going, it's difficult to plot a course for getting there. Today's choices have consequences tomorrow that we must take stock of if we are to secure for Illinois the brightest possible future."

Miller has been public aid director since September 1979 and was deputy director for the seven previous months.

From March 1976 to January 1979 he was Medical Assistance Program administrator for the department. He also served as a special assistant to the director of public aid and was responsible for changes in the Medicaid system.

He worked for two years in the Bureau of the Budget. A graduate of the Wharton Graduate School of Finance and Commerce at the University of Pennsylvania, he will direct a staff of up to

six professionals and a budget of about \$500,000 a year.

In fiscal 1984, that cost will be financed through federal sources. Miller will receive a salary of \$55,000 a year.

Carl Mankowitz, deputy director of public aid, will become acting director of the department.

Mankowitz, 38, has been the deputy director since July 1981. He also was vice president of health care planning, policy and standards for the New York City Health and Hospitals Corporation from January 1979 to February 1980. He will earn \$52,000 yearly.

Child safety seminar planned for next week

By DEBORAH WILLIAMS

St. Elizabeth Medical Center

A child's safety is number one on every parent's mind. Yet parents are not always able to be with their children to supervise and guide their daily activities.

In an effort to help children handle everyday occurrences which might arise, parents and their children are being invited to attend a free Children's Safety Seminar on Tuesday, Sept. 27, from 7 to 8:30 p.m. at the Holiday Inn, Interstate SS-70 and Route 157

in Collinsville.

Sponsored by Cardinal Glennon Memorial Hospital in St. Louis and St. Elizabeth Medical Center in Granite City, the purpose of this seminar is to help children recognize potentially dangerous situations and to prepare them for most accidents before they happen.

Speakers include Liz Price and Janet Huenke, both instructors in the Nursing Service Education Department of Cardinal Glennon Memorial Hospital, who have had extensive experience working with

children and their problems.

Areas of discussion include "The Body and How It Works," "Bicycle, Mo-Ped and Car Safety," "Broken Bones," "Electrical/Burn Safety," "Fun Safety," "Poisonings" and "Strangers, What To Do."

Also on hand to provide a soccer demonstration and to sign autographs will be Ty Keough, a member of the St. Louis Steamers Soccer team.

After the seminar, refreshments will be served and door prizes presented to those children in attendance.

Availability is on a first-come, first-served basis and interested persons are being encouraged to make their reservations early by calling the Public Relations Department of St. Elizabeth Medical Center at 798-3167. Deadline for reservations is Monday, Sept. 26.

CHARGE JUVENILE IN VENICE CASE

A 16-year-old Venice youth was charged with resisting arrest and disorderly conduct in connection with a dispute at the recent festival on the St. Mark School grounds in Venice.

Joy Pennabaker, 61 of 1042 Third St., Venice, sustained an injury when struck with a chain allegedly wielded by the youth. Pennabaker was taken to St. Elizabeth Medical Center, but declined to be treated and left the emergency room, authorities said.

Free SEMC CPR classes

Each year, heart attacks account for more than 350,000 deaths which occur before the victim reaches the hospital. It doesn't have to be that way. Cardiorespiratory resuscitation (CPR) can make the difference, and anyone can learn it, according to a spokesman for St. Elizabeth Medical Center.

Free CPR classes will be held at the medical center Tuesday, Sept. 27, from 6 to 10 p.m. in Pascal Hall.

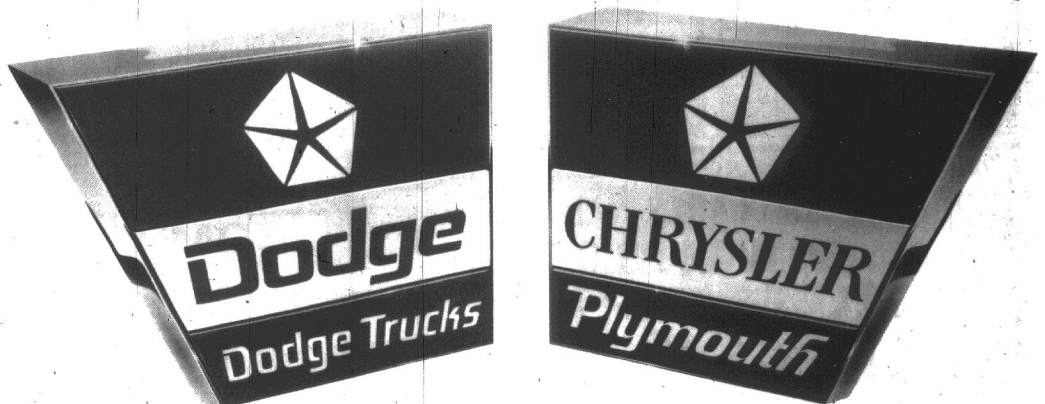

For more information or to make a reservation, interested persons may call 798-3169.

TRANSPLANT LOTTERY LEGISLATION VETOED

A bill that would have created a special lottery game to aid persons needing organ transplants has been vetoed. Gov. James R. Thompson said the Illinois State Lottery is "proving record sums of money for a variety of state services. By encouraging special lottery games for specific purposes, we would risk the loss of resources for government services across the board."

"I will not take any action to jeopardize this vital revenue source and neither should the General Assembly," Thompson said, adding that he will work with legislators "to design an acceptable grant program funded from general revenues to fund organ transplants for indigent persons."

Sept. 28 deadline for filing to disconnect from sewer area

Morris Miles, a member of the Madison County Board and chairman of its Special Sewer Committee, is suggesting that residents of the district to whom no sewer line is available contact the Madison County sewer office and sign a petition to be disconnected from the district.

In the past, the Madison County Board has passed a resolution exempting certain residents of the district from payment of the sewer tax. Miles stated that the resolution would probably be rescinded by the county. He expressed concern that people who are in the district but not paying the tax might ignore the disconnection proceeding and thereafter be required to pay the tax.

Miles stated that tax relief is not available to persons who choose not to utilize the sewers, but only to those for whom no sewer has been provided. In addition, the

law will not permit disconnection from the district of properties to which the county intends to provide sewers in the future.

Any person residing or owning property in the district may sign a petition requesting disconnection. The court proceeding has been scheduled for Oct. 12. The petitions are available at the sewer office, 301 E. Chain of Rocks Road, Mitchell.

Interested persons should obtain and sign a petition by Wednesday, Sept. 28. Petition signers will need to bring a copy of their most recent tax bill and the legal description of their property. Inquiries about the disconnection proceeding may be made at the sewer district office, telephone 831-3400.

The ultimate decision whether any property will be disconnected from the district will be made by the Circuit Court.

Members of the Special Sewer Committee, in addition to Miles, are Roderick Bauder, Frank Dutko, Donald C. Rea and Nick Hamilos.

The petitions have been prepared and made

available to the taxpayers as a service by the Special Sewer Committee. However, Miles added that any owner who wishes to be represented by his own lawyer may do so.

Willing Workers hear from planner

The Willing Workers of America met at the Granite City YMCA with President Steve Ortiz, introducing the guest speaker, Michael Boer, economic development program manager for Southwestern Illinois Metropolitan and Regional Planning Commission. He spoke on a program to develop new parks and other improvements in the community.

Boer has been with the organization in Granite City for seven years. He spoke of a grant for \$900,000, so that the Chamber of Commerce could create new jobs in this community. He feels some people are going to have to go to other areas in order to get jobs.

Steve Ortiz introduced the club's new vice president, Ike Pasley. Ortiz also thanked each person who par-

ticipated in the Labor Day Parade from the group.

Brenda Derby talked about the Project Help program and how it worked. She also talked about the new medical insurance at the Metro Re-Employment office on Sept. 1, which will pay up to \$50. There are no restrictions to those who don't have insurance.

The next meeting will be Sept. 24 at 10 a.m. at the Granite City YMCA. All laid-off people are being invited to attend. The guest speaker will be James Pennekamp, executive vice president of the Tri-City Area Chamber of Commerce. For further information, interested persons may contact Brenda Derby at 876-2305.

HURT AT TAVERN

Michael Neukirch, 25, of St. Louis, told a Madison County deputy sheriff this week that he sustained cuts and abrasions when struck during a dispute at the Inn Between Tavern, 5200 Maryville Road. No arrests were made at the time of the incident.

Postal Customer Council to meet

The Plaza Postal Customer Council invites the public to their Fall Meeting. It will be Tuesday, Sept. 27, at the Holiday Inn in Alton. The meeting will be from 10 a.m. to 1:30 p.m. The cost will be \$10, which covers lunch and the materials used in this program.

The Postal Customer Council is for businesses and interested people who have a need to learn how the postal service works as well as ways of mailing that can save their business postage costs. The Postal Service gains because of the feedback from their customers helps them improve their service by meeting their business needs.

This fall program will cover three sessions of which the attendee has a choice of two. One session is on mail classification. The session will explain first, second, third and fourth class mail as well as what people are buying when they buy special delivery, express mail, special handling priority mail, certified mail and registered mail.

Session two is on Zip plus Four. This session covers Zip + 4. Who will be using it. Will there be a discount and how can a business update their mailing list for Zip + 4?

Session three is on addressing. This session covers how to address a letter so it gets the best possible speed in delivery.

This includes addressing for optical character reading machines and what happens to the mail when it is misaddressed. All sessions will have a question and answer period.

You can get reservation forms from your local postmaster.

BURGLAR TAKES \$30

A burglar obtained a wallet containing \$30 last week at the apartment of William Aufderheide, 701 Kirkpatrick Homes.

DEWEY AVENUE METHODIST Church will host its fourth annual bazaar from 9 a.m. to 7 p.m. Saturday in the church basement. The bazaar will feature hand-crafted goods, white elephant booths, a country kitchen, a chicken and dumpling dinner and book fair, sponsored by the youth of the church. Pictured above are church members, from the left, Doris Brown (Pastor Vernon Brown's wife), Mary Davis, Virgie Settle and Millie Sherman. (Press-Record Photo)

UNITY CHOIR, an interdenominational singing group, will present a musical entitled, "We Shall Behold Him" Sunday, Sept. 25, at the Nameeki United Methodist Church at 2:30 p.m. This cantata by Dottie Rambo and David Clydesdale deals with Christ's death on the cross and the victory of the second coming. The public is invited to attend the unique presentation, according to the host minister.

Traffic fines on SIUE campus raised

An increase in the fine for a moving vehicle violation at Southern Illinois University at Edwardsville has become effective until September.

University officials said the purpose of the increase in the fine level is to enhance campus safety. The increase was approved for a two-year period, and, in the event it does not serve to deter violators, other alternatives will be considered, including elimination of the university moving vehicle violation ticket and the issuance of state citations only.

Officials explained that, in most instances, university police issue an SIUE moving vehicle violation citation if the offender is a student or an employee of the university, and they issue a state citation if the offender is a non-university person. The issuance of a state citation is reported against the violator's driver's license.

Formerly, the fine for a university ticket was \$5. The minimum fine for a state citation is \$50.

Vote Approval Expected Soon

'Technicality' delays SWC officials vote on GCHS

By ALAN L. GERSTENECKER
Sports Editor
of the Press-Record

The Southwestern Conference, perhaps Southern Illinois' most prestigious high school conference, does not have a new member, at least not yet anyway. Tuesday, in their first meeting of the 1983-84 school year, SWC officials tabled the admission of newly formed Granite City High School into the conference for "technical reasons," said Jerry Turner, president of the Southwestern Conference. The pending vote, if approved, would have admitted Granite City into the conference for the 1984-85 school year.

Turner, also principal at Belleville West High School, explained that because of contradictory clauses in the SWC constitution, Granite City could

not be admitted unless it's first two years were probationary.

It's for that reason — to allow time to amend the current SWC constitution — that a vote on Granite City's membership was tabled, Turner said.

According to the initial clauses for membership, a new member school must be admitted to the SWC under a probationary period if approved by three-fifths of the SWC board. A second article further states that new members could be admitted without a probationary period if four-fifths of the board approved. It was under that clause in which Granite City was hoping to qualify.

However, a third clause and one which was amended in 1970, clearly states that all new members, without exception, face a probationary period of two years.

Turner said it's that third clause which caused SWC officials to table action on Granite City. Recalling the contradictory clause, Turner said, it was amended 13 years ago when conference officials were considering Cahokia, Belleville East and East St. Louis Lincoln for membership.

"All I can figure is that we (SWC members) made the amendment without annulling the two previous clauses," Turner said.

Hence, a second meeting — one with the newly amended constitution — has been scheduled for Oct. 12. It's then that Turner expects an including vote on Granite City.

Although a probationary status would not allow Granite City's participation on the playing fields, it would deny

Granite City's two SWC representatives, athletic director Roger Smith and Gilbert Walmsey voting SWC privileges.

Turner explained if the SWC's relationship with Granite City in the past had not been as favorable as it has been, conference officials would have probably agreed Tuesday to let the SWC City under a probationary status.

However, Turner said, because of that favorable relationship, the SWC is willing to amend its constitution so Granite City can be admitted without probation.

Granite City's apparent pending affiliation with the SWC comes after a five-year absence from the conference. The Warriors left the Southwestern Conference in June 1975, after the 1974-

75 season and two years after the formation of its sister school Granite City North in 1973. Although not an official member of the SWC and an independent for the next four years, the Warriors continued to play SWC teams regularly until the 1979-80 school year, the first year of the Gateway East Conference.

The inclusion of Granite City into the SWC will realign the Warriors with Collinsville, Alton, Belleville East, Belleville West and East St. Louis Senior. As the SWC's newest member, Granite City High would be the second largest member in the conference with 3,185 students, second only to East St. Louis Senior with 3,832 students.

Granite City's realignment with the SWC will effectively end a five-year conference relationship with the Gateway East Conference. Although, its

GEC members, Edwardsville, Belleville Alhott and Cahokia have been invited by SWC officials to join as well, but thus far only Granite City has accepted.

In other action, SWC officials discussed the application for membership by East St. Louis Lincoln High School. But, like the discussion on Granite City, it was tabled.

"I think it's safe to say that the delay on Granite City is purely technical. I expect unanimous board approval at our next meeting," Turner said.

As for Lincoln's application, Turner said, "It was discussed and will probably continue to be discussed in the future." Turner would not speculate when a decision would be made.

PRESS-RECORD

Thursday SPORTS

A Sports Special

Gallauer dominated prep 440 dash in early '30's

By AL BARNES
for the Press-Record

To win a state high school sports championship just once is a truly remarkable feat. Granite City has done it now, in soccer, six of the last seven campaigns.

It is a remarkable achievement, but many think that a state championship in an individual event, such as track and field, is an even more remarkable and laudable thing to do.

Steve Gallauer, now deceased, was an individual ace in the spine-tingling quarter-mile event. He completely dominated the 440-yard dash in the state of Illinois from roughly 1932 through 1933.

His time in the 440 was a state record for nearly 35 years; locally, Greg Becker tied his local high school quarter-mile mark about eight years ago and was congratulated by Gallauer immediately after the event was completed.

Then, in the spring of 1976, Joe Ward posted a sensational 18 time to erase Gallauer's and Becker's previous local mark of 50.8.

However, the thing to keep in mind when giving both Ward and Becker credit for re-writing "Speeding Steve's" 440 mark is this: Gallauer posted his time in the quarter without

the modern improvements in equipment and track construction now adding new records almost right and left.

First, was the introduction of the starter's blocks and second, is the new materials used in the surfaces of present day tracks.

Byron Bozarth, who was Granite City High's main coach in football, basketball and track in his long tenure locally, was credited with predicting that Gallauer would qualify and very probably win the 440-yard dash at the Olympic Games scheduled for the summer of 1936 in Berlin, Germany.

Bozarth, recognizing Gallauer's outstanding talent in the 440, absolutely refused to allow Steve to "go out for the football team." However, in the fall of 1934, Boxy relented and permitted Gallauer to play football. His great speed, of course, earned him his left halfback slot. But, shortly after the season opened, he was injured and that setback, most all those who followed Gallauer's career now feel, kept him from making the '36 United States Olympic squad.

In researching Gallauer's story, it was discovered that Steve would have not been eligible for track in the spring of 1935; he was a mid-term graduate and was awarded his diploma in January of '35. So, first reaction was

one of great disappointment that Bozarth could have jeopardized Gallauer's future and his chances of winning a berth on the 1934 U.S. Olympic squad.

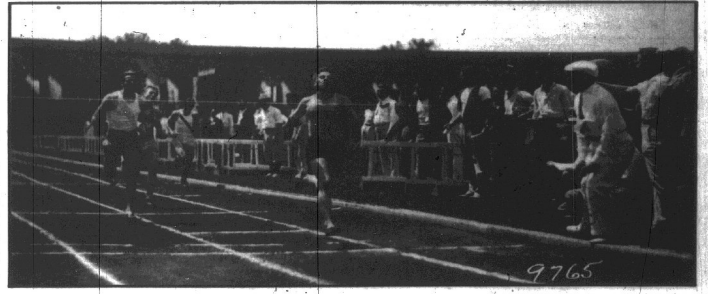

Such thoughts was a grave injustice to Bozareth. Barry Loman, a schoolmate of Gallauer, explained. Loman says he knew that Gallauer, wanting to help out the grid team back there in the fall of 1934, begged Coach Bozarth for his permission to "go out for the team."

This reporter saw him run the 440 just once: at either the '33 or '34 Millikin University Relays at Decatur.

He was there with ease; the most vivid impression of Gallauer's performance was his ability to pull away from the field with an amazing burst of speed at about the 380-yard mark. It was as if he would turn on an inner overdrive, or, as they say now, the afterburner.

In talking to many of his friends, they all have a great love and respect for Steve Gallauer. His widow, Frances Gallauer, said it all: "I was fortunate to share my life with him."

Steve and Frances were childhood sweethearts. Her family name was Bradish and the two families lived across the street from each other at 1423 and 1422 Grand Avenue.

OUT IN FRONT. Steve Gallauer of Granite City High breaks the finish line tape way out in front of his nearest contender in the finals of the 1934 Maplewood High (St. Louis County)

Relays. The speedy Gallauer, as far as can be determined, never lost a 440-yard dash race in the St. Louis metropolitan area.

Gallauer anchored GCHS relay teams

Steve Gallauer was the important anchor on the four relay teams at Granite City High from 1932 through 1934 which never suffered a defeat in a metropolitan St. Louis meet.

In fact, only one mile relay team, Rockford, ever beat them and that was in the Illinois state final in 1933. In the quarter of relays, it was difficult nailing down the exact makeup of the mile team.

George Eubanks, who is enjoying his well-deserved retirement as a public information director at the Granite City Army Depot, helped with the membership of the half-mile relay were: first off, George Eubanks, followed in order by Walter Bourbon, Clark Beller and, of course, Gallauer.

"Beller," says Eubanks, "was the

oldest brother (by six years) of Steve's track teammate, Bill Szedlar, was contacted. The lean and leathery Frank furnished the name of the four-member mile relay team: Floyd Taylor, running first; Marcel Tarris, second; Bill Szedlar, third, and Gallauer. Both Gallauer and Frank Szedlar worked their entire adult life together at American Steel.

In addition to Gallauer on the mile relay team, there was his dear friend and electrician, Bill Szedlar. Any reader who recalls the other two, please get in touch with us.

Running on the half-mile relay were: first off, George Eubanks, followed in order by Walter Bourbon, Clark Beller and, of course, Gallauer.

"Beller," says Eubanks, "was the

greatest all-around athlete ever to represent Granite City High. He was a handsome guy, and for the early thirties, a big guy at 6-3." Pausing and grinning, Eubanks added: "He was smart, too, he moved to Arizona and married the boss' daughter and has done real well."

In the quarter-mile, it was the same four: Eubanks, Bourbon, Beller and Gallauer.

Eubanks had a couple other delightful pieces of track information for us. Number 1, his older brother, Allen, tied and 58-year dash world record in the spring of 1930 and Number 2, Steve Gallauer's stride, when he shifted into over-drive measured an amazing 12 feet long.

Warriors roll to victory over Cahokia

By PAULA WISE
of the Press-Record

GRANITE CITY — The Granite City Warrior volleyball team evened their record at 2-2 Tuesday, with an impressive 15-13, 15-4 win over Gateway East Conference rival Cahokia.

The match started off on a high note as Vicki Smith, of the Warriors, served her team to a 3-0 lead, while a strong attack led by Warrior Tammy Jones kept the Commanches off guard.

Cahokia's Debbie Avery got her team back into the game by using her height, 6-feet 4-inches, to block the Warrior spikes. Cahokia then tied the score at five.

Lisa Lilly then came on to serve six straight points to give the Warriors the lead 11-5.

But the Commanches refused to give up without a fight, as Avery served up

four points to make the score 11-9. However, the relentless Warriors prevailed and went on to win the first game 15-13.

Granite City really took charge in the second game.

Again, Smith got the scoring started, serving her team to a 4-0 lead. Lilly joined in the fun serving five straight to increase the Warrior lead to 9-2.

The Commanches lost their concentration as the Warriors went on to a 15-4 win.

After the game, Coach Wilma Schulze said she was pleased with her team's

performance.

"I told the girls that if they took control of the situation it would lead to victory," Schulze stated.

"The girls all had good games tonight. They are really starting to work together as a team."

This was especially true of the middle hitters, Brandt and Jones.

"The middle hitters are starting to learn their responsibilities and this improves our attack," said Schulze.

Blocking also was a key to the Warrior win.

"We have worked hard on our blocking since the Collinsville game. The

Warrior's next match is Thursday at home against Alton.

In Volleyball Action

Kahoks spoil Trojanettes' home debut

By PAULA WISE
of the Press-Record

MADISON — The Collinsville High volleyball team came into town Monday night to spoil Madison's homecoming after their consolation victory in the Wood River tournament.

Madison played strong at the begin-

ning of both games but couldn't get its offense working and soon fell to defeat 15-3, 15-10. Wednesday night, the Trojanettes also lost to East St. Louis Senior.

Good serving at the start of the game gave Madison a 5-4 lead before Collinsville came roaring back.

Lisa Coons served six straight points to put the Kahoks in the lead 12-5 before a time-out by Madison broke her momentum.

A missed serve by Madison left the door open for Collinsville's Suzi Judge to finish off the game with three serves for points.

The second game started in much the same fashion as Madison moved to a 6-1 lead before Collinsville started their comeback.

Judge served nine unanswered points to give the Kahoks the lead 10-4.

Madison managed to score four more points in the game but were unable to overcome Collinsville's lead and lost 15-10.

Madison Coach Carol Cole felt the girls tried to play too much defense and were therefore unable to get their offense running smoothly.

"They seemed to be a let down after this week-end. They played too much defense and were not aggressive enough on offense."

"They kept trying to spike over Collinsville's tall girl instead of mixing up their hits," Cole stated.

Collinsville junior varsity also won 15-7, 15-7.

Madison's record now stands at .500, 4-4 on the season.

The Trojanettes will be hosting Granite City in their next game Wednesday, Sept. 28, at 6 p.m.

In Sting Newsletter

Warrior kickers rated first again

The Granite City High School soccer team still ranks tops in Illinois according to the Chicago Sting Newsletter.

According to the latest Newsletter, the Warriors have captured the top slot rating once again in both the coaches' and the writers' poll.

In the coaches' poll, out of a possible 180 points, Granite City received 179 "yes" votes for the top honor. Rated second behind the Warriors was Evanston with 147 points, followed by New Trier, third, with 141 points, Glenbrook North,

fourth, with 132 points and Quincy Notre Dame, fifth, with 108 points.

Other teams of interest include Collinsville, sixth, with 104 points and Quincy Senior, 12th, with 59 points.

In the writers' poll, Granite City was the uncontested first place vote, receiving all 76 first place votes.

Quincy Notre Dame received the second rated billing with 66 votes, followed by Evanston, third, with 63, Fremd, fourth, with 53 votes and New Trier and Quincy tied for fifth, each with 48 points.

Collinsville is rated eighth in the writers poll with 32 votes.

Also in the Newsletter, Jeb Blasingame, the Warrior's goalkeeper was listed in "Goalie Greats" for his efforts in Granite City's 2-0 shutout of Alton Marquette.

Too, there was another local listing in the Newsletter under "Hat Trick Heroes." Terrence Hicks of Madison was recognized for his three goals against Assumption last week. The Trojans blistered the Pioneers 3-1.

Late goals boost Meramec kickers past Granite City Center Stars

By ALAN L. GERSTENECKER
Sports Editor
of the Press-Record

GRANITE CITY — The reasons were many why Meramec Junior College should have defeated the Granite City Center soccer Stars Tuesday 3-2 at the Stars' home field.

— Meramec is a talented contender for the Midwest Junior College Athletic Association title.

— The Stars, on the other hand, are a young team which Stars' Coach Larry Petri admits is still maturing.

— Meramec, just last week, managed a 1-0 victory over Lewis and Clark Community College, a team which humiliated the Stars in their opener 7-0.

— Yes, Meramec had every reason to be confident they would come away with a victory. And in the end, it was that confidence which eventually carried them to victory.

But there's a peculiar thing about Tuesday's matchup. Somehow, someone forgot to tell the Stars they were the underdogs. They played like a team worthy of their nickname. In short, they played like a team possessed, possessed with winning.

Credit is due to Meramec, sure. It was obvious they were the more talented, more rehearsed team. And, despite a steady, drizzling rain and an incessant wind which at times gusted up to 30 miles an hour, their passes were accurate and their execution was crisp.

But too, the Stars are to be commended for their gutsy fight. They played perhaps their best ball game of the season. Forget their 2-2 record going into the contest, they were tough.

What they conceded in skill to their Missouri opponents, they made up in desire and willingness to win.

Through the first 45 minutes of play and even score at one each, the Stars outdusted Meramec in the shot column. Granite City managed eight shots to Meramec's three.

Still, it was Meramec that was first to tally. At 27:20, Meramec forward Mike Baer headed a shot past GCC goalkeeper Joe Lemaster. The goal came off a pushing penalty kick just seconds before.

The Stars got on the board just four minutes later when Granite City native Tim Dean broke free of Meramec's defense to score one-on-one against goalie Doug Busken.

At 65:21, the Stars sent a shockwave through Meramec's bench as Granite City's Benny Nolan pushed a header past Busken to put the Stars ahead 2-1. John Reininger, a sophomore striker from Caseyville, got the assist.

From that point on Meramec, the

quality team that it is, began a barrage of blistering shots at Lemaster. The flurry lasted for several minutes — one to his right, another to his left and still another he cut off in front of the goal — before Meramec midfielder Tim Kelly was able to push a header past the GCC goalkeeper.

The goal, at 80:12, all but took the fight out of the Stars.

Meramec sealed Granite City's fate at 84:26 when Joe Brunette, a midfielder from Vianney's Missouri state championship team last year, headed in the fateful goal. Meramec's Steve Weindel picked up the assist on the corner kick.

Meramec Coach Kevin Kelly said afterwards that he thought the Stars played "above their ability." He mentioned the inclement weather as an equalizing factor in the game.

"I think the wind was the biggest

reason things went the way they did for us today," Kelly began. "When it's this bad and it's raining like it is it's hard for us to keep the pressure on."

Similarly Petri said he thought the weather had an adverse affect on Meramec's play.

"The weather hurt the play of both teams, but I think it affected us less than it did them," Petri said. "The wind cut down on their passing ability. That's probably their strong point."

Despite the loss, Petri said Tuesday's loss was a confidence builder for his team. He compared Tuesday's game to the season opener against Lewis and Clark Community College of Godfrey.

"I think we've come a long way towards maturing as a team. The Chicago trip did us some good as far as building our confidence. Even this loss, against a high caliber team like Meramec, says we're improving. It's

still going to take some time for us to come around. But we're getting there."

This Saturday, Sept. 24, the Stars will get yet another opportunity towards maturity as they take on Lincoln College at 1:30 p.m. at home.

Tuesday's results improved Meramec's record to 5-1 on the season while the Stars dropped below .500 to 2-3.

SIUE women meet SLU in tournament

EDWARDSVILLE—Still in search of their first victory of the 1983 campaign, the women's soccer team at Southern Illinois University

at Edwardsville will make their first appearance of the year in the St. Louis area this weekend as they travel across the river to compete

in the University of Missouri-St. Louis Budweiser Tournament.

The tournament, scheduled to get underway Friday when the host Rivermen take on Metropolitan State at 11:30 a.m., will be a 10-team, three-day classic with the championship determined Sunday at 3 p.m.

The Cougars, who will enter the tournament follow-

ing a three-game road trip to New York, will take on Macalester College of St. Paul, Minn. in their first-round game Friday at 5 p.m.

Other matchups in the three-day Budweiser Tournament include Lindenwood College against Wisconsin-Madison and Stanford University against Maryville College. The University of Missouri-Rolla and Quincy College both drew an opening-round bye.

The Cougars opened their 1983 season Sept. 14, dropping a 1-0 decision to Cortland State University of New York. Two days later, against Ithaca College, the Cougars again had trouble finding the nets and dropped a 2-0 battle. SIUE concluded its season-opening road trip Sunday as Cornell University blanked the Cougars 2-0.

Following the UMSL-Budweiser Tournament, the Cougars will make their 1983 home debut next Tuesday with a scrimmage game against Meramec Community College at 4 p.m. SIUE's first regular-season home game will be Sept. 30 as they kick off the SIUE Tournament against Lindenwood College at 4 p.m. UMSL and Missouri-Rolla will round out the field in the two-day event.

SIUE men's soccer coach, Bob Gueller, has announced that the starting times for Friday's soccer double-header at St. Louis Park in Penton have been changed.

Originally scheduled to match the SIUE Cougars against Southern Methodist University at 1 p.m. and St. Louis University against North Texas State University at 3 p.m., the event has been changed to 6 p.m.

On Wednesday Opener

Waterloo foils Trojanette debut

MADISON — The Madison Trojanette tennis team may have lost its season opening meet 5-0 to Waterloo Wednesday, but Madison coach Terry Beer saw marked improvement between last year's team and this year's team.

"We're a lot better than we were last year," Beer said. "We're starting up with more talent, and you can see the improvement. I was pleased, not upset, with the match."

The two reasons why Beer was pleased with the match were the singles performances by Yolanda Bradley and Alicia Roberts. Bradley, the number

one player, lost to Waterloo's Karla Gentsch 10-7, while in the third singles match, Sally Marshall defeated Roberts 10-8.

Bradley held the lead through much of her match, but couldn't hold on. Bradley once had a 7-5 lead. Meanwhile, Roberts stayed with her opponent until the final two games.

"Alicia has come a long way since last season, and she looked a lot better today than I thought she would. Yolanda got a little bit nervous towards the end of her match and couldn't keep it up," Beer said.

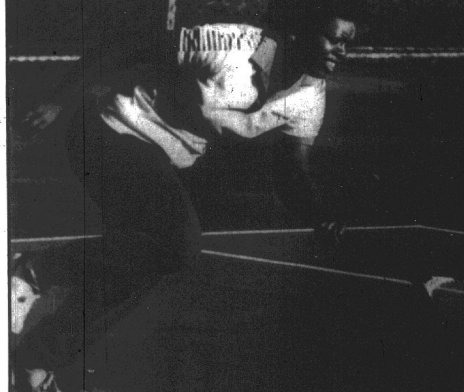

"If we can get some of our singles

winning, maybe it will catch on and we can win a meet," Beer added.

In the other singles match, Waterloo's Jennifer Berry defeated Lori Prothro 10-1. Prothro hit several winners but had troubles with her serve and with getting the ball over the net.

In doubles, Tasha Carter and Darla Taylor lost to Lisa Jaenke and Jennifer Mathews 10-2, and Joan Miller and Jenny Smith lost to Annette Hoffman and Debbie Rentschmer 10-1. Neither doubles team had played together before, and Miller and Smith were in their first matches ever.

Madison, 0-1 for the season, travels to Lebanon today for a 4 p.m. meet.

CHARGE. Yolanda Bradley hustles forward to return a groundstroke by her opponent, Waterloo's Karla Gentsch, during their match.

Wednesday in Madison. Gentsch won the match 10-7, and Waterloo won the meet.

YMCA hosts golf tourney

The Tri-City area YMCA is hosting its first golf classic Oct. 1, at Arlington Golf Course. The proceeds of the tourney will support youth programs at the YMCA.

The four-man two-flight scramble tournament begins at 10:30 a.m. and a steak social will follow competition at the new Madison Amvets Post 204 at 1711 Kennedy in Madison. First place trophies will be given to the

first place winners of each flight.

In addition to the trophies, prizes will be given to the golfer nearest to the cup on each four par-three holes.

Presently, it also appears that each tourney participant will receive an attendance prize.

Fee for the tournament is \$50 which includes the steak social, beer, cart and greens fees and other benefits. For those persons wishing to attend the steak social only, tickets are \$30.

Michael Bilbrey, chairman of the tourney, reminded potential tourney participants that although they may register in foursomes, it wasn't necessary. Teams will be formed with unassigned golfers.

Bilbrey also stated that the YMCA is searching for both attendance prizes and commercial sponsors for individual holes at the tournament site. Persons or businesses, wishing to contribute to either should contact Jerry Devaney at the YMCA at 876-7200.

Reservations for the tourney are limited and should be mailed to Michael Bilbrey, chairman, YMCA Golf Classic, 2001 Edison Ave., Granite City. Checks should be made payable to the YMCA Golf Classic.

The reservation deadline is Oct. 28.

Retired Employees hear Rep. Sam Wolf

Sam Wolf, Illinois State Representative, addressed the National Association of Retired Federal Employees, Chapter 1987, at the initial fall meeting held at Charlie's Restaurant.

Wolf spoke in the work of the recent session of the 83rd General Assembly and the unique approach taken in an attempt to solve the state's problems. At the conclusion of his remarks, Rep. Wolf answered questions asked by several in the audience pertaining to the duration of the legislated increase in state income taxes as well as use of revenues generated by the state lottery.

President Harry McClintock opened the meeting by welcoming 39 members including three new candidates, Mildred Henderson, Zorka Ritchie and Raymond Tate.

Mrs. Barbara Erney, second vice-president, gave the invocation and all repeated the pledge of allegiance, followed by reports read by Ruth Stoyanoff, secretary, and Helen Martin, treasurer.

Lawrence Hengehold, first vice-president, gave a legislative report with regard to the health insurance the administration is trying to convince Congress to replace with a new system whereby vouchers will be issued to each employee or retiree and they

are in turn required to purchase their own health insurance coverage.

It is predicted that the present premiums will rise 20 percent in the future as part of the president's economic recovery package and the next cost of living allowance for federal retirees has been delayed to January 1985, Hengehold explained.

During early August, Congress and the president acted to repeal the law mandating automatic 10 percent withholding on interest and dividend income, the chapter officer noted.

"There have been major changes legislatively enacted in the State of Illinois in conjunction to real estate taxes paid by senior citizens over 65 years of age, as well as changes in homesteaded exemptions."

He urged members to become acquainted with these changes and also if qualified to visit their respective township offices to sign and file necessary documents.

In other business, Mayme Vallo, chairman of the Sunshine Committee, reported she sent five get well cards and one sympathy card during the summer months.

The president announced the next meeting on Oct. 10 will be held at Charlie's Restaurant.

ROSE TOUR. Monday's tour of St. Louis area rose gardens is one of the activities of the national convention of the American Rose Society Convention, which is being held in St. Louis this week. James and Anne Hering of Marion, Ohio, are touring the garden of C.E. and Marie Eads of Granite City, one of the stops on the tour.

'A Legacy Preserved' topic of DAR Chapter

The first meeting of the fall season of Drumsilla Andrews Chapter of the DAR, held at Burn's Cafeteria with Mrs. Sandra Wilkinson, regent, conducting the business meeting and giving the safety information.

Mrs. Emma Schoen read the President General's message regarding the anniversary of the Treaty of Paris. Members had prepared a display for the local library to note the event. Mrs. Wilkinson reported on a ceremony at Belleville by DAR chapters to remember this 200 year anniversary of the signing.

Mrs. Schoen reviewed the DAR days held at Mount Vernon, and secretary, Mrs. Linda Koenig, read the minutes and correspondence. Other reports were given by Mrs. Barbara Williams, treasurer, and

Gabriel Shrine honors officers

Special honors were accorded to officers of the west of the White Shrine of Jerusalem, at a meeting and party held in the Masonic Temple, 26th Street and Cleveland Boulevard.

Worthy High Priestess Ruth J. Cox and Watchman of Shepherds Lloyd Lewis presided at the session and welcomed Ruth Hartsoe, past supreme worthy high priestess who was introduced and escorted to the east.

Special guests of honor for the evening were Noble Prophetess Dorothy Watkins and Associate Watchman of Shepherds Jerry Pragacz, who were introduced and escorted.

Supreme committee members introduced and escorted were Evelyn Schlosser, Cedar Shrine; Elleen Little and Paul Kenny, Gaspar Shrine; John Everson, Pride of the West Shrine; Louise Gruner, Hanah Shrine; Mary Ellen Lewis and Jerry Pragacz of Gabriel Shrine.

Others introduced included Worthy High Priestess and Watchman of Shepherds Mary Arthur, Hannah Shrine; Edith Fulton, Apollo Shrine; Pat and Marvin Brenker, Gaspar Shrine; and Mary Ann and Jack Robinson of Purity Shrine; and past officers, Edna Harris and Ruth Hartsoe, Cedar Shrine; Gladys Everson, Guiding Star Shrine; Kathleen Justin, Apollo Shrine; Ann and June Crowder and Betty and Clayton Henry, Calvary Shrine; Rose and Albert Van Gels, Pride of the West Shrine; Irene Kenny and Jane Walthon, Gaspar Shrine; and Dorothy Edwards, Betty Grille, Ida Cariss, Bess Henley, Virginia John, Mary Bilbrey, Charles Youngs, Sandy Simpson, Augusta and

Delbert McKissick of Gabriel Shrine.

West officers present from other shrines were Kathleen Justin, Apollo Shrine; Paul Kenny, Gaspar Shrine; and Ruth Hartsoe, Cedar Shrine.

During the meeting, the charter was draped in memory of Evelyn Levan, past supreme worthy high priestess and Anna Hanolan as the secretary read the obituary.

Members reported ill were Hulda Griffith, Nannie Meadows, John DeHart, Rose Halbert and Nola Heiney.

The worthy high priestesses acknowledged and thanked those who served as pro tem Jack Robinson, John Everson, Clayton and Betty Henry, June Crowder, Mary Ellen Lewis and Mary Ann Robinson.

After the business meeting, there were brief remarks by the honored guests Noble Prophetess Dorothy Watkins and Associate Watchman of Shepherds Jerry Pragacz.

They were presented gifts from the Shrine by the Worthy High Priestess.

"Happy Birthday" was sung to Lloyd Lewis, Betty Grille, Edna Brown, Ellis Hackney and Gladys Fuhman.

At the close of the meeting, Watchman of Shepherds Lloyd Lewis invited all present to retire to the dining room for refreshments. The tables were decorated with floral bouquets in large sea shells and favors were miniature light houses with sea gulls.

Assisting in the dining room were Mary Bilbrey, Arlene Fox, Donna Kagy, Lois Hebblewhite, Sandy Simpson, Bonnie and Jerry Fisher, Mary Ellen Lewis, Karen Brosman and Dorothy Edwards.

The next meeting will be Oct. 13.

Travelers Abroad to meet Monday

Travelers Abroad will hold its Sept. 26 meeting at St. Peter's Evangelical United Church of Christ, 2103 Cleveland Blvd., at 7:30 p.m.

Miss Marguerite Barker, a member of Travelers, assisted by Dan Vizer, a Granite City musician, will present the program entitled "Paris Through the Eyes of Maurice Utrillo and Music of Robert Hebble."

Utrillo's Paris street scenes with their many-faceted colors and variations of tones inspired Hebble to compose the music entitled "Seven Palette Sketches of Utrillo" for the pipe organ.

To be properly performed, an organ with several manuals is needed, a feature of the organ at St. Peter's. Miss Barker will show slides of Utrillo's Paris scenes, painted in the 19th century, and Vizer will then perform Hebble's music.

Miss Barker, a former teacher, has degrees from Principia College and Washington University as well as a degree in art education from SIU-C. She has also participated in study groups abroad in France, Switzerland, and Italy.

Vizer has a degree in music performance from SIU-E where he studied with Ruth Slenczynska. He also participated in a study tour abroad which included audiences with composers and performers in London, Paris, Amsterdam, and Brussels.

Currently, Vizer serves as organist at the SLASC Chapel, at St. Elizabeth Roman Catholic Church, and at First Church of Christ Scientist, all located in Granite City. In addition, he also teaches piano.

Vizer has had the opportunity to discuss the music to be performed with the composer, Hebble, who is currently working in New York City as a composer, arranger, and educator.

Because of the rarity of this type of program, Travelers Abroad invites all persons interested in art and music to be their guests for this unusual presentation, according to the president.

Troop 96 present awards to scouts

Many scouts of Boy Scout Troop 96 of Maryville School received awards at the September court of honor. Scoutmaster Bud Charbonnier welcomed the scouts, and the presentation of awards was made by Doug Hale, Chris Morris, and Andrew Karandjeff. David Maxwell led the pledge of allegiance and the Rev. Louis McCabes of St. Louis University gave the invocation.

Scott Wilson received his Eagle badge, and his grandfather, Mayor C.L. McMackin of Salem, Ill., presented a plaque to be inscribed with the names of all troop 96 scouts who earn the Eagle patch.

Boys receiving badges were Andrew Karandjeff, Dennis Jolly, Richard Clancy, and Devin Ponder. The Tenderfoot badge was awarded to Richard Harmon and Dennis Jolly. Ryan Chapman Grayson, and David Chapman received the Star award.

Skill awards went to Dennis Jolly, Ryan Thebeau, Dan Grayson, Darrell Schafer, John Morgan, Chris Morris, Harold Krohne, Darrell Young, Mike Reed, Doug Hale, Mike Charbonnier, Kevin Mudd, and Andrew Karandjeff.

Dennis Jolly, Richard Clancy, Rich Watson, Ryan Thebeau, David Chapman, Daniel Grayson, Darrell Schafer, John Morgan, Chris Morris, Harold Krohne, Darrell Young, Mike Reed, Doug Hale, Mike Charbonnier, Kevin Mudd, and Andrew Karandjeff received merit badges.

The God and Country special award was presented to Kevin Mudd.

ENLISTED IN NAVY ON DELAYED ENTRY

Charles Krohne, son of Mrs. Harold Krohne of Granite City, recently enlisted in the Navy's Delayed Entry Program. The enlistment ceremony took place at the St. Louis Military Enlistment Processing Station.

Krohne, a senior at Granite City High School, enlisted for training as an aviation anti-submarine warfare technician.

The Delayed Enlistment Program gives a person up to one year before they report for active duty. The enlistee will earn seniority towards higher pay while finishing school, concluding personal business to taking a vacation.

'I Can Cope' program aids cancer patients

A national, educational program that provides useful information to persons with cancer, their spouses or partners, and their relatives will soon be offered at St. Elizabeth Medical Center (SEMC).

The program, called, "I Can Cope," is based on the idea that many worries and anxieties experienced by persons confronted with cancer can be alleviated by learning from other people in the same situation and through educational, up-to-date information. The program, formulated by two oncology nurses in Minneapolis, was first introduced in 1977.

The SEMC coordinators of "I Can Cope" plan to utilize film-strips, tapes, speakers, and group discussions over a five-week period to meet the program's objectives. "I Can Cope" weekly sessions, sponsored by SEMC and the American Cancer Society, will be conducted at the Medical Center. The program is free to the public and no registration is needed. The first meeting is Tuesday at 7 p.m. in the PASCAL Hall.

The whole idea is to help

people get educated about their disease. They need all the knowledge they can gather so they can make choices in their lives," said Sister Mary Louise, co-leader of "I Can Cope," and a social worker at SEMC.

The discussions will focus on the following topics: Sept. 20 - "Explanation of I Can Cope," Sept. 27 - "Learning About Your Disease," Oct. 4 - "Coping with Daily Health Problems," Oct. 11 - "Expressing Your Feelings/Stress Management," and Oct. 18 - "Community Resources."

Sister Mary Louise, who is a member of the Oncology staff, hopes to make "I Can Cope" a regular, seasonal program at SEMC.

She and the other coordinator, Lorraine Auerwald, a nurse in the Oncology Unit, attended a training session earlier this year in Chicago.

For further information about the program, interested persons may contact Sister Mary Louise at the hospital's Social Work Department 798-3377.

Interest must be paid on protested tax funds

A new method for refunding property taxes paid under protest was signed by the governor, State Rep. Sam Wolf (Granite City) announced Thursday.

"Property taxes paid under protest will now be placed in an interest-bearing account. The Protest Fund—while a decision is being made about the protest claim," Wolf explained.

"This bill will allow persons to receive all or a portion of their protested bill back with five percent interest. Previously, funds paid under protest did not have to be kept in an interest-bearing account," Wolf said.

"I thought that was unfair. A person would have had the funds earning interest in his own bank if he had not been asked to pay an unfair property tax bill," Wolf added.

In addition, the legislation states a refund of all or a portion of the protested taxes may be ordered by the

WARRANT ARREST

An Illinois State trooper halted a vehicle operated by James M. Stagner, 20, of 2116 Delmar Ave., Monday in the 2800 block of Madison Avenue and was advised an active warrant had been issued for Stagner's arrest through the Granite City Police Department. He was lodged in jail on the warrant, alleging failure to pay the fine on a charge of illegal possession of alcohol.

BATTERY ALLEGED

James S. White, 21, of 2027 Cleveland Blvd. was arrested for battery last week after his wife, Yvonne, said she was struck and pushed out of her home.

HAPPY GRADUATES of the Belleville Area College Respiratory Therapy Technician Program

based at St. Elizabeth Medical Center, and their instructors are, front row from the left, Michelle Burch and Robin Patton of Alton, Sydney Glenn and Marianne Gentry of Belleville, Jill Pieper of Alton and Janice Molony of Cahokia. Second row are Dr. Robert Bruce, medical program director and director of the SEMC respiratory therapy department, Janet Miller of Granite City, Cindy Maentemeyer of Colterville, Barb Vernier of Belleville, Renee Xander and Sarah Schwabe of Belleville and Gary Smith, SEMC director of clinical education. In the third row are Edward Keeland Denise Burns of Granite City, Cindy Friederich, Sharon Fuller, Robert Campbell and James Tweedy, all of Belleville, Linda Cunningham of Granite City, Geneva McCann of Alton and Mike Range, SEMC program director.

SCHOLASTIC HONOR. Janet Miller of Granite City, second from left, receives the 1983 Mid-Tech Scholastic Achievement Award during graduation ceremonies at St. Elizabeth Medical Center. The award is presented to the student with the highest grade-point average in the BAC Respiratory Therapy Technician Program. Also pictured are, from the left, Mike Range, SEMC director of cardio-pulmonary services, Chuck McMannon, Mid-Tech sales representative, and Gary Smith SEMC director of clinical education.

GET INTO BASEMENT

Larry Biggs, 2625 Hodges Ave., found a basement window open upon arriving home last week. Entry apparently was gained to the basement area only and it was not immediately determined what items were missing.

Bankers attend group institute

Randy E. Vollmar of First Granite City National Bank and Robert Henry Karandjeff of American Heritage Bank are among those who attended the 39th annual session of the Herbert V. Prochnow Graduate School of Banking at the University of Wisconsin-Madison this summer.

The school, sponsored by the 16 state bankers' associations in the Central States Conference of Bankers' Associations, was established in 1945 to provide bankers with advanced study and research in banking, economics and monetary problems. This year, 1,225 students from 48 states and Puerto Rico attended.

Instruction in the Graduate School of Banking comes in three two-week summer sessions, along with home study work, to be completed in the period between summer resident sessions. The school's faculty of more than 160 people includes leading bankers, economists, educators, consultants and government officials.

Religious programs and events at area churches

CFW Lydia Circle plans fall bazaar

The Lydia Circle of the Christian Women's Fellowship at Central Christian Church finished plans for a holiday bazaar and chicken and dumpling dinner on Saturday, Oct. 29, at its September meeting.

Mrs. Linda Irwin entertained the group in her home, Monday night, with Mrs. Guyle Stuart, chairman, presiding over the business segment.

Other plans discussed included the Oct. 6 CFW general meeting at the church to convene at 7:30 p.m., with the circle members to serve as hostesses.

Mrs. Doris Edwards and Dianne Randall will present the study on the topic, "If This Is Success, Why Am I So Unhappy?" The

worship hour will be led by Beth Spengler, according to the chairman.

The study and worship discussion on the subject of "Stress" was led by Joyce Rutledge. Prayers of concern for the delegates at the San Antonio, Texas, assembly were expressed and the group was reminded of the importance of remembering those who are sick, shut-in and birthday honorees.

The remainder of the evening was spent in fellowship and refreshments served by the hostesses.

The Oct. 17 meeting will be held in the home of Lois Tibrey with the study to be presented by Joyce Bennington and worship by Helen Stumpe, the chairman noted.

LIBERTY IN CONCERT. The three man gospel group from Grace World Outreach in St. Louis, will perform on Saturday, Oct. 1, at the First Assembly of God Church in Cottage Hills, at 7 p.m.; according to the Rev. Maurice Burgund, pastor. "The Net," a youth department organization of the church, is sponsoring the event.

Craft festival at church center

Du Bois Center, owned and operated by the Illinois South Conference of the United Church of Christ, will hold its annual craft festival Sunday, Oct. 2, from 12 noon until 5 p.m. Attractions will include traditional and modern craft demonstrations and displays, pony rides for children, haywagon tours, barge rides on the lake, and a variety of foods.

There will be wood crafts, needlework, leather, ceramics, and oil and acrylic painting.

Visitors also will watch a blacksmith at work and see rope being made, wool being dyed over a campfire, apple butter cooking in a kettle, butter being churned, and sausage being stuffed.

Du Bois Center is located southeast of Nashville and north of DuQuoin on Highway 51. The craft festival is open to everyone, with free admission and parking.

Third child for former residents

"Former Granite City residents, Mr. and Mrs. David L. Wasson, who now reside in Alhambra announce the birth of their third child, a boy, on Aug. 21 at St. Elizabeth Medical Center.

He weighed 6 pounds, 10 ounces, and has been named Ricky Lee. He has a sister, Tammy who is 7-years old, and a 5-year old brother Mark.

Maternal grandparents are Mr. and Mrs. Guy W. Hancock, and great-grandparents are Mr. and Mrs. Floyd Ellis and Mrs. Lora Hancock, all of Granite City. The mother is the former Linda Hancock.

Mrs. Roxie Sadler, the great-great-grandmother, resides in Mattoon, Ill.

St. John Chancel Choir musical revue Sunday

"I Feel A Song Comin' On" is a revue of old and new Broadway and Hollywood hits from "Kiss Me Kate," "Every Night At Eight," "You're a Good Man, Charlie Brown," "West Side Story," "Finian's Rainbow," "Camelot," "The Jolson Story," "White Christmas," "Breakfast at Tiffany's," "My Fair Lady," "Do, Re, Mi," "Cabaret," "Listen, Darling," "The Pirate," "Love Is a Many Splendored Thing," "Wicked," "Bar-nim," "Carnival," "I Do, I Do," "South Pacific," "The Music Man," "Very Warm for May," "Jacques Brel Is Alive and Well and Living in Paris," and "On a Clear Day You Can See Forever."

The revue will be presented on Sunday evening, Sept. 25, by the Chancel Choir of St. John United Church of Christ, 2901 Nameoki Road.

Admission to the concert, which will be on stage in Fellowship Hall, is \$3 for adults and \$1.50 for children under 10. Curtain time is 7 p.m.

Full-choir numbers will include "I Feel A Song Comin' On," "I Ruled the World," a medley from "Show Boat," "Lida Rose," and "If We Only Have Love."

In addition, there will be several ensemble numbers. Women will perform "Don't Tell Mama," "Hey, Look Me Over," and "I Feel Pretty," while the men will sing "Get Me to the Church on Time."

Highlighting the evening will be several solos. Among them are "Another Op'nin', Another Show" and "Love Is a Many Splendored Thing" by Tom Goedeke; "Happiness" by Barb Sues; "Devil Moon" and "Be a Clown" by Linda Koenig; "If Ever I Would Leave You" by Roger Mathews; "What Is a Woman?" and "Zing! Went the Strings of My Heart" by Dolores Zeugin; "Moon River" and "Love Makes the World Go Round" by Ray Wille; "Second Hand Rose" and "All the Things You Are" by Veronica Douglas; "Make Someone Happy" and "A Wonderful Guy" by Dody Gaines; "Gershwin Medley" and "Come Back Me" by Jennifer Sage; "My Cup Runneth Over" by Charlie Zeugin; "On the Street Where You Live" by David Oliver; and "Crossroads of Life" composed and performed by Rick Stille.

Featured duets are "Sisters" by Barbara Sage; "Sues and Jennifer Sage"; "The Anniversary Song" by Elmer and Judy Stille; and "I Like Your Style" by Steve and Barb Sues.

Other ensemble members who have been rehearsing since June are Marie Wille, Bea Rittenhouse, Marion Willard, June Wille, Carol Chababier, Sue Goedeke, Leesa Duckworth, Dawn Mertz, Bill Buer, and Alan Milster.

Alan Milster, St. John

Organist and Choir Director, will be assisted in accompaniment by Steve Sues and Brent Weiss.

Proceeds from the revue will be donated to Project Accessibility, a \$120,000 elevator project at St. John Church to help handicapped and elderly gain easy entrance to the church. The elevator is now completed and will be dedicated at a special service on Oct. 8.

Tri-Cities Association for the Retarded, Granite City Crippled Children's Association, A. A. Al Anon, and Senior Citizen Groups are just some of the many community groups that utilize the St. John facilities during the week.

Since its founding in 1862, St. John Church, the oldest Granite City church standing on its original site, has always been community and service-oriented, according to committee members.

Therefore, this tradition is being continued today by making its facilities accessible to the elderly and handicapped, spokesman Steve Sues commented.

The public is invited to help Project Accessibility by attending the concert this Sunday evening at 7, he added.

Let's step up. Today.

WORD OF LIFE TABERNACLE
12th and Meridian
Henry Crippen, Pastor

'HEY LOOK ME OVER' is the song used by four members of St. John United Church of Christ as they practice for the musical revue to be presented Sunday, Sept. 25. The show will be performed in the fellowship hall with curtain time set at 7 p.m. From left is, Linda Koenig, Dawn Mertz, Leesa Duckworth and Barb Sues.

Methodist board hires Granite City resident

Two new persons will join the staff of United Methodist's General Board of Discipleship in the areas of Christian education and youth ministry effective Oct. 1.

Frances Mitchell Gomez of Granite City will serve as director of education in small membership churches under the board's Section on Christian Education.

The Rev. Leo Rippey, a member of the General Board of Discipleship, will become director of development of youth ministry for the board's Section on Ministry of the Laity.

Mrs. Gomez earned a bachelor's degree from McKendree College in Lebanon, Ill., and a master's degree from Perkins School of Theology in Dallas. She is a certified teacher and has taught Spanish and Christian education courses at several institutions, including Southwestern University in Georgetown, Texas. She also served as a local pastor for a Spanish-speaking congregation in Georgetown.

Revival services at Church of Nazarene

The Rev. Gary Haines, evangelist and vocalist, will conduct revival services at the First Church of the Nazarene, 4701 Highway 111, beginning Sunday, Sept. 25, and continuing through Wednesday, the Rev. William Roddy, host pastor, announces.

Sunday services will be at 10:30 a.m. and 6 p.m. and at 7:30 o'clock each evening.

Rev. Haines, a former well known nightclub singer, entertained in Detroit's top clubs and elsewhere in the Midwest, turned to the ministry in 1972. Following his call into full-time evangelism, he attended Nazarene Bible College in Colorado Springs, Colo., where he graduated in 1975.

The congregation and its pastor extends a welcome to area residents to attend every service which in-

GARY HAINES

clude spiritual songs, choruses, special music, a gospel message and friendly hospitality, according to the announcement.

Busy activities at Calvary Baptist

Several projects and meetings have kept the congregation at Calvary Baptist Church, 3000 Washington Ave., busy this month.

The initial session was a monthly meeting of the Baptist Women's Group of the church who also viewed slides of Alaska presented by the Rev. Chester Parker, during his gathering.

Rev. Parker told the group of his two revivals held in Alaska, after the presentation.

At the conclusion of the meeting luncheon was served to those named and to Edna Stagner, Paula Liville, Grace Heltsey, Phyllis Knight, Luella Probes, Tina Lyons, Kay Andersen, Neil Montgomery, Ida Kilmer, Thelma Phelps, Pauline Hall, Jewel Hall, Glenn

Jaycee Women raise funds

The Granite City Jaycee Women organization reported that its fund-raising drive for the Epilepsy Association was a success.

The funds will be used to sponsor school programs on epilepsy. The programs will be aimed at providing accurate information about the condition and to dispel certain myths about epilepsy.

"We have found that the more people know about epilepsy, the more understanding and accepting they become," a Jaycee spokesman stated.

Among those groups donating to the fund drive were Walgreens, Ponderosa, Granite City Car Wash and Krogers Food Store.

Other ensemble members who have been rehearsing since June are Marie Wille, Bea Rittenhouse, Marion Willard, June Wille, Carol Chababier, Sue Goedeke, Leesa Duckworth, Dawn Mertz, Bill Buer, and Alan Milster.

Alan Milster, St. John

Organist and Choir Director, will be assisted in accompaniment by Steve Sues and Brent Weiss.

Proceeds from the revue will be donated to Project Accessibility, a \$120,000 elevator project at St. John Church to help handicapped and elderly gain easy entrance to the church. The elevator is now completed and will be dedicated at a special service on Oct. 8.

Tri-Cities Association for the Retarded, Granite City Crippled Children's Association, A. A. Al Anon, and Senior Citizen Groups are just some of the many community groups that utilize the St. John facilities during the week.

Since its founding in 1862, St. John Church, the oldest Granite City church standing on its original site, has always been community and service-oriented, according to committee members.

Therefore, this tradition is being continued today by making its facilities accessible to the elderly and handicapped, spokesman Steve Sues commented.

The public is invited to help Project Accessibility by attending the concert this Sunday evening at 7, he added.

Let's step up. Today.

Statue of St. Elizabeth erected at medical center

A 10-foot tall bronze statue of St. Elizabeth has been erected on the northern corner of 21st Street and Washington Avenue. The statue, donated by the medical center's auxiliary, was crafted by Vinceo Demetz. Figlio (shown working on the clay base for the work) and two other artists well known for their collection of distinctive sculptures. Clutching a basket of flowers and holding a loaf of bread in an outstretched hand, the statue is characteristic of the benevolent lifestyle of St. Elizabeth, daughter of King Andre II of Hungary in 1207.

Hispanics contribute to region's economy, culture

By TOMMYE WALTER

People of Hispanic descent represent less than one percent of the total population of Southwestern Illinois, but a study conducted by the Office of Area Development of Southern Illinois University at Edwardsville has shown they have contributed greatly to local economic and cultural development.

The report, Hispanics in Southwestern Illinois, 1980-1982, was compiled by Gilberto L. Restrepo, a graduate student at the university majoring in geography.

The study focuses on such demographic characteristics as what countries the people migrated from, what brought them to Southwestern Illinois, where they settled and what they are

doing to preserve their heritage.

The first immigrants of Hispanic origin arrived in the area during the late 1800s, coming from north central portions of Mexico, Restrepo said.

"They were attracted to the U.S. by the prospect of better-paying jobs. Simultaneously, they were being pushed from Mexico by deteriorating economic and political conditions," he added.

"The major wave of Mexican immigrants had begun arriving in East St. Louis after the onset of the Mexican Revolution.

"They established themselves next to the smelter of American Zinc of Illinois, an area that soon became Fairmont City.

"In Granite City, they settled among the more numerous European immigrants already established around the steel mills.

"In Alton, some of the first Mexicans arrived about 1910 to 1920. They worked in lead

foundries and for the railroad.

Restrepo said Spaniards were not specifically counted by the U.S. Census Bureau until 1940, but they had been around since the turn of the century. "Many first settled in south St. Louis and later moved to East St. Louis," he said.

There was a marked decline in the Hispanic population in the area between 1931 and 1950. The SIUE student attributed this to several factors, including the Revolution in Mexico and the depression in this country.

The number of Hispanics here increased during the years between 1951 and 1970.

"The Hispanic population, which had previously consisted of Mexicans and Spaniards, now contained representatives from Bolivia, Chile, Colombia, Cuba, Honduras and Peru," he explained.

By 1970, the Hispanic population of Southwestern Illinois had grown to a record high of more than 6,000.

During this period, descendants of the first Hispanics began moving into such communities as Cahokia, Dupu, Collinsville, Caseyville, Belleville, Wood River and Bethalto.

Although Hispanic people of the area have, for the most part, merged into the American culture, Restrepo said, they have retained many of their social and cultural traditions.

Currently, four organizations and two restaurants help maintain Hispanic cultural, social and culinary traditions. The organizations include the Society of Our Lady of Guadalupe in Fairmont City, the Granite City Mexican Honorary Commission, the Commission Honorifica Mexicana in Alton, and the Hermandad Hispana at Scott Air Force Base.

Restaurants named were Ramon's El Dorado Restaurant in Collinsville and John's Not Bad Sandwich Shop in Fairmont City. Restrepo said the sandwich shop represents more

12 marriages are dissolved

Twelve Quad-City area couples' marriages have been dissolved by the Third Circuit Court at the Madison County Courthouse. They are as follows, with the husbands listed first:

David Earl Ramsey of Venice and Sharon Annette Ramsey (Mosby) of Madison; they were married Oct. 11, 1960.

Russell Kevin Johnson (Lemons), both of Granite City; married Oct. 10, 1961.

Rolce Hilliard of Granite City and Dollie Hilliard

(Earl) of Madison; March 18, 1963.

Paul Kevin Solberger of Troy, Ill., and Julie Lynn Solberger (Appleman) of Granite City; Sept. 20, 1960.

Paul E. Bargiel and Annette Bargiel (Lewis), both of Madison; Feb. 13, 1961.

Walter Lee Branfield of Madison and Christina Marie Branfield (Mink) of Granite City; Feb. 27, 1961.

Kingsley Clair Goble of Granite City and Janet Joann Goble (Donnelly) of Sherman, Ill.; Dec. 30, 1962.

Thomas Gordon Marcus Jr. of Granite City and Pamela Sue Marcus (Box) of Alton; June 12, 1962.

Monroe Dale Reynolds and Hope Diane Reynolds (Hehle), both of Granite City; Aug. 25, 1968.

Paul Louis Blason and Sandra Ann Blason, both of Granite City; May 25, 1969.

Lavon O. Taylor and Katherine M. Taylor (Bar-ton), both of Mitchell; June 20, 1968.

And Robert Eugene Reeves and Sue Carol Reeves (Evans), both of Granite City; May 9, 1970.

than just a restaurant. "It serves as a meeting place where Spanish residents of the Metro-East area exchange current news about local social events, as well as information from relatives still residing in Spain," he said.

Restrepo believes the future of the Hispanic culture rests with the descendants of the first immigrants. "It is imperative that they preserve and record past and present events surrounding their heritage," he believes.

"Future generations will review these records, and remain appreciative of the efforts of their forefathers."

More tax relief awaits owners of real estate

1. Property tax relief for homeowners.

2. Added incentives for assessing officials to correctly assess property.

Those are the goals of a package of new bills that lawmakers and taxpayers will closely watch the impact.

For the homeowner under 65, it will allow the taxpayer to make more improvements on the home or see its value rise without driving up the property tax bill. "Savings will be even greater for homeowners 65 and older," Gov. James R. Thompson forecast.

HOMESTEAD EXEMPTION—The governor signed Senate Bill 89, which raises the homestead exemption for all property taxpayers from \$3,000 to \$3,500 of the equalized assessed valuation.

If a taxpayer's property has climbed in value by \$3,000 since 1977, thereby using up the homestead exemption previously available, this measure will allow homeowners another \$500 in exemption as the equalized assessed value increases.

The bill, effective immediately, was sponsored by Sen. Robert Egan and Rep. James Keane, both of Chicago.

Thompson also signed Senate Bill 88, which increases the homestead exemption for senior citizens (age 65 and over) from \$1,500 to \$2,000.

This exemption is in addition to the normal homestead exemption available to all homeowners, so that older Illinois residents will be able to get \$3,500 in normal exemption as well as an extra \$2,000 for a total of \$5,500 in exemptions.

The governor said the homestead exemption for the elderly had not been increased since it was enacted in 1969, while property taxes have risen substantially during that time.

Another provision of the bill requires cooperative associations to credit savings from the homestead exemption to the apportioned tax liability of the owner. Violations become a Class B misdemeanor.

The bill was sponsored by Rep. Larry Bullock and Sen. Glenn Dawson, both of Chicago. It takes effect immediately but the changes in the exemption level begin Jan. 1, 1984.

Both bills exempt homestead exemptions from the State Mandate Act.

In another action affecting senior citizens, the governor signed House Bill 753, which allows persons who turn 65 after Jan. 1 to be eligible for the senior homestead exemption program during that year.

Currently, a person who turns 65 after Jan. 1 is not eligible for a homestead exemption on property taxes payable the following year.

The measure takes effect Jan. 1, 1984, and was sponsored by Rep. Fred Tuerk and Sen. Prescott Bloom, both of Peoria.

The governor increased the homestead improvement exemption from \$25,000 to \$30,000 by signing House Bill 18.

The bill allows homeowners who have made property improvements that have increased the value of their homes by \$25,000 to make further improvements totaling \$5,000 and still receive the exemption.

The measure takes effect immediately, with changes in exemption levels effective Jan. 1, 1984. It was sponsored by Sen. Egan and Rep. Ralph Capparelli of Chicago.

ASSESSING PRACTICES—Thompson signed, with changes, two measures that provide incentives to assessing officials to better assess and equalize property in the state.

The bills also could reduce and possibly eliminate the need for a state multiplier if assessors meet prescribed standards, he said.

House Bill 644, as changed by the governor, sets up a program of bonus compensation for local assessors based on performance standards.

A bonus of \$3,000 per year is to be provided to a township or county assessor in counties of less than one million population if certain criteria are met.

The governor clarified the criteria to state that the assessment must be a percentage points above or below the statutory assessment level of 33 and one-third percent.

He kept in effect another requirement that the "coefficient of dispersion," which is

a method of measuring the deviation of assessments within a jurisdiction from the average level, must be less than 20 percent in 1984.

In addition, one percentage point would be removed each year until the coefficient reaches 15 percent in 1989.

The bill, effective Jan. 1, 1984, was sponsored by Rep. Dennis Hastert of Yorkville and Sen. Dawn Nettes of Chicago.

Thompson signed, with changes, Senate Bill 176 providing for supervisors of assessment to receive the 50 percent portion of their salary currently paid by the

state only if property in the county is equalized within 2 percent of the 33 and one-third percent level.

The bill also provides new equalization authority for supervisors of assessment, and limits the equalization authority of county boards of review to instances in which the supervisor of assessments does not equalize to 33 and one-third percent of total fair cash value.

The bill, effective immediately, was sponsored by Rep. Hastert and Sen. Jack Schaffer of Crystal Lake. Both bills now return to the General Assembly for possible

action on the governor's changes.

In other property tax-related action, the governor signed:

SENATE BILL 341, which allows county boards in downstate areas of high unemployment to give residential property taxpayers a 60-day grace period to pay half of their taxes.

Under the measure, sponsored by Rep. E. J. "Zeke" Giorgi of Rockford and Sen. Clarence Darrow of Rock Island, county boards in counties other than Cook may provide for a 60-day deferral of the delinquency date on 50 percent of unpaid

property taxes.

The county unemployment rate must equal or exceed 10 percent as reported by the Bureau of Labor Statistics. The bill is effective immediately.

HOUSE BILL 859, sponsored by Rep. Tom McMaster of Dahinda and Sen. Sam Vadalabene of Edwardsville, requires that before a tax rate is established or increased by electors at the annual town meeting, a petition containing signatures of 10 percent or more of the registered voters must be presented to the town clerk authorizing that action.

The bill is effective Jan. 1, 1984.

HOUSE BILL 270, which provides that property tax bills for single-family residential property include a statement of the fair cash value of the property, thereby making the assessment process clearer to homeowners.

This bill was sponsored by Rep. Diana Nelson of Western Springs and Sen. Forest Elmeridge of Aurora. It is effective Jan. 1, 1984.

HOUSE BILL 534, which gives taxpayers additional time to hold onto tax payments if they feel their

property is improperly assessed.

Currently, the law requires that protested taxes be paid as installments become due.

Under this change, taxes under protest would not have to be paid until the last installment normally is due. The bill was sponsored by Sen. Nettes and Rep. Daniel Pierce of Highland Park and is effective immediately.

CASH MISSING—Robin Goodwin, 3127 Ridger Ave., reported late last week that someone stole an envelope containing \$300 from her purse while she was shopping at National Food store.

LINK TWO TO THREE VEHICLE BURGLARIES—Granite City police solved three 1:30 a.m. Friday-parked vehicle burglaries with the arrest of two Granite City boys, aged 15 and 14, at a 16th Street and Madison Avenue parking lot. Curfew charges were filed.

The pair was linked to break-ins involving the pickup truck of Robert Hill, Troy, Ill., theft of cigarettes and a box containing wrenches and sockets; the van of Richard Shrum, 1041 Washington Ave., Madison, broken windshield and attempted removal of a radio; and the van of Dwayne Rogers, 855 Alton Ave., Madison, damage to a dashboard radio.

Police captain salutes citizen

Aiding people in trouble is just part of the job of the Illinois State Police. But a sales representative honored by the Illinois Department of Law Enforcement turned the tables when he assisted a policeman last year.

Greg Myers was presented a certificate of appreciation by State Police Captain Bobby L. Henry Sr. of Caseyville, currently District 11 commander, for his role in helping police subdue a suspect.

Myers was nominated for the award - normally reserved for Illinois State Police personnel - by Henry, who said the man, now 46 years old, saved him and another officer from serious injury.

The incident began about 5 p.m. Sept. 3, 1982, when Henry, then a lieutenant in charge of air operations, was patrolling on Interstate 55 near Springfield. Using radar, he checked a car that was driving 66 mph. Henry attempted to stop the driver, who fled in his auto.

The lieutenant pursued the car through Springfield, until the suspect's vehicle became tied up in rush-hour traffic. Another police officer, Southern View policeman Dan R. McCall, also arrived at the scene.

The driver of the car, Richard L. Kikendall,

jumped from his auto and started toward the officers, cursing and brandishing a baseball bat.

Kikendall was poised to swing at Henry when Myers jumped from his car and grabbed the bat from behind, Henry related.

"There were 30 or 40 other cars at the intersection," Henry said, "but Mr. Myers was the only person to get out of his car and come to our assistance."

"I feel his actions and his willingness to become involved reduced the possibility of serious injury to myself and the other officer."

Myers said his actions were instinctive.

"Somebody was going to get hurt. Something had to be done. I did it on reflex."

Henry, McCall and Myers grabbed Kikendall and placed him face down in the grass and took all three of them to jail.

"It was impossible for the three of us to completely restrain the man," Henry recalled. Kikendall fought the trio using his elbows, feet and head until other officers arrived to assist in restraining the man and placing him in custody.

No one was injured, and the officers credit that to Myers' action.

Henry, commander of

District 11 in Collinsville, presented Myers the award at Springfield.

Kikendall pled guilty to speeding, unlawful use of a

weapon and resisting a peace officer. He was fined \$150 plus court costs. An aggravated assault charge was dismissed.

Upcoming events

Food and dancing

A chicken dinner and dance will be conducted Saturday, Sept. 24, at Amvets Post 51, 5100 Lakeview Dr. The Country Music Machine, featuring Stacey Collins, will perform from 9 p.m. to 1 a.m. Other activities will begin an hour earlier. A donation of \$5 per person is requested. Tickets are available at Nick's Barber Shop, 2400 Iowa St. Tickets also may be purchased at the event.

Ethnic food and dancing will be featured Sunday, Sept. 25, at Trinity Hall, 1245 Madison Ave., Madison. The event is being sponsored by the Holy Trinity B.E.O. Church Sisterhood. It will be conducted from 12:30 p.m. to 5 p.m. Music will be provided by the Tony Todoroff Players. Donations will be \$2.

Bazaars

A bazaar and chicken and dumplings dinner will be featured Saturday, Sept. 24, at the Dewey Avenue United Methodist Church, 2136 Dewey Ave. The bazaar will open at 9 a.m. The dinner will be served from 11 a.m. to 7 p.m. A child's menu of a Sloppy Joe sandwich with baked beans and a drink will be available. Carryout orders will be \$2.50 for adults and \$1.50 for children.

A family-style chicken dinner and holiday bazaar will be conducted at St. Margaret Mary Church from 11 a.m. to 6 p.m. on Sunday, Sept. 25. The event will be in the school cafeteria at 1900 St. Clair Ave. Tickets will be \$4.25 for adults and \$2 for children ages 6 to 12. Children 5 and under will be admitted free. Carryout orders will be \$3.50 for both children and adults. The bazaar will feature Christmas items, children's gifts, baked goods, plants and second-hand items.

More eating out

Barbecued pork steaks, baked beans and potato salad will be on the menu from 10 a.m. to 6 p.m. Saturday, Sept. 24, for an outdoor dinner to be held across the street from the Granite City Post Office, 2350 Madison Ave., at the First Assembly of God Church parking lot. Sponsor is the Cahokia Mound Council, Boy Scouts of America. The fund raiser is intended to offset declining contributions to the Family Enrollment Campaign, due to economic conditions. Tickets for a complete dinner are \$2.75 and \$1.75 for a pork steak sandwich. Carryouts are available.

A pancake and sausage brunch will be served from 7 a.m. to 1 p.m. Sunday, Sept. 25, at the Masonic Temple, 20th Street and Cleveland Boulevard. The event is being sponsored by New Hope Chapter 432, Order of Eastern Star.

Trips

The Venice Park Recreation Department is sponsoring a trip Saturday, Sept. 24, to the Ringling Brothers and Barnum and Bailey Circus. The cost is \$3.50, which includes bus transportation and admittance to the circus. Buses will leave the Venice Recreation Center, located on Broadway, at 9:45 a.m. Those interested in further information may call Charles Collins after 5 p.m. at 451-2132.

Exhibits

A photographic display of more than 60 art works in the Vatican Collections will be open Sunday, Sept. 25, through Friday, Oct. 7, at the Shrine of Our Lady of the Snows near Belleville. The original collection from which the photographs were taken is currently at the Art Institute of Chicago. The display will be open to the public daily from 8 a.m. to 8 p.m. Admission is free.

Senior events

The Granite City Council of Seniors will host a dance from 7 to 10 p.m. Monday, Sept. 26, at the Granite City Township Hall. Howard Bolton and the Alley Cats will entertain. Refreshments will be served. All senior citizens are being invited to attend.

Getting active

The Tri-Cities Area YMCA will conduct its first golf classic Oct. 1 at the Arlington Country Club. The deadline for reservations is Friday, Sept. 23. A steak social at Madison Amvets Post 204 Hall will follow the tournament. Tickets are \$50 for golf cart rental, beer and the steak dinner. Those not wishing to golf may pay \$30 to attend the steak social. Tickets may be purchased at the YMCA or checks may be sent to: Michael R. Billrey, YMCA Golf Classic, 201 Edison Ave., Granite City.

The Quad-City Italian-American Club will conduct its first bocci tournament for men and women at noon Sunday, Sept. 25. Bocci is an Italian bowling game played on a long narrow court. The tournament is open to the public. There is a \$5 entry fee for each two-person team. The competition will be at the Lone Acres Tavern, 20th Street and Edwardsville Road.

Riders of all ages are being invited to participate in the Pride Bike-A-Thon Sunday, Sept. 25, to be conducted along the Mississippi River from Alton to Graton. Riders are encouraged to obtain sponsors who will pay a set amount of money for each mile traveled. The funds raised will go towards beautification of the Alton area - a Pride, Inc., project. Registration will get underway at 11:30 a.m. The ride begins at noon and concludes at 5 p.m. Those who have collected at least \$5 in advance from sponsors will receive a Pride t-shirt or hat.

Special dates

Friday, Sept. 23, will be the final day for applications for several job openings at the Granite City Park District. Jobs to be available are assistant manager, assistant manager, cashier, five skate guards, two skate room attendants, a weekend custodian and a concession attendant. Applications will be taken between 9 a.m. and 5 p.m. at the park office, Benton Street and Oregon Avenue.

The Granite City Citizens Forum will meet at 7 p.m. Monday, Sept. 26, at the Harold Brown Recreation Center, Amos and Franklin avenues. Dr. Brian Donnelly of Southern Illinois University at Edwardsville will speak on the advantages and disadvantages of home rule. The public is being invited to attend.

The Venice school district will conduct a public hearing on its budget at 7 p.m. Monday, Sept. 26, at the board office, Seventh Street and Broadway, Venice.

A public hearing will be conducted at 7:30 p.m. Monday, Sept. 26, on the fate of the Lansdowne Springs Treatment Plant, operated by the Metro-East Sanitary District. Residents affected will be those from the municipalities of Madison, Venice, Brooklynn, Caseyville, Fairmont City, Washburn Park and National City, the unincorporated areas of Stites and Canteen townships and portions of Venice and Nameoki townships. The state favors a proposal for the affected municipalities and townships to abandon the Lansdowne plant and to build sewer lines to send wastewater through the county's special sewer district to the Granite City Wastewater Treatment Plant. The meeting will be conducted at the Madison Fire Station, 1523 Third St., Madison.

B&H REPAIRS:

Dr. Donnelly will address Granite Citizens Forum

Dr. Brian Donnelly will discuss the advantages and disadvantages of home rule government at the next meeting of the Granite City Citizens Forum. He will answer questions following his talk.

The meeting will begin 7 p.m. Monday at the Harold Brown Recreation Center, Amos and Franklin avenues. Earlier this year, Donnelly was appointed by Edwardsville Mayor Kenneth Evers to the Citizens' Committee on Home Rule. He serves as vice chairman.

Donnelly is coordinator of the master of public ad-

ministration program for Southern Illinois University at Edwardsville. He instructs students in public financing administration and public personnel administration.

He has provided training and consulting services to various state agencies and local governments.

Donnelly was formerly director of the Public Service Training Center for Old Dominion University, Norfolk, Va.

All Granite City residents are invited to attend the meeting.

NEW REPORTER: Susan Signaigo-Weich joined the editorial staff of the Granite City Press-Record this week. Susan is a 1980 graduate of Benedictine College, Atchison, Kan., where she received a bachelor of arts degree in communications. She is a former employee of the Granite City Journal, where she was employed for nearly two years.

Hillside Drainage study

(Continued from Page 1)

promised this in 1972 at no cost to the taxpayers. We have a new sewage system and we're paying through the nose. The people out there can't afford to pay more for a drainage system."

Michael Keefe, water resources planner for the Southwestern Illinois Metropolitan and Regional Planning Commission, said it would be up to a sponsoring agent to determine how funds would be raised for the work. The money could come from existing taxes, such as the Metro-East Sanitary District (MESD) taxes; taxing districts could be formed similar to the special service area for the sewers; the state could agree to sponsor and pay for the projects, as it did with the Blue Waters Ditch project, or a coalition of cities

and townships which would benefit from the improvements could be formed and could share the cost of the project.

MESD already is involved in such a cooperative effort with seven cities in St. Clair County for local improvements.

State Rep. Sam Wolf (D-Granite City) said he would be willing to consider sponsoring a funding measure in the state, but would like to have more information on the projects first.

Keefe said state sponsorship is doubtful, but then reconsidered and said, "Whether or not we could get that same sponsorship again is questionable."

Local funding still would be required for annual maintenance of any

drainage system. "The state won't assume the maintenance," he stated.

Mayor Mike Sasyk of Madison said any system which relies on the people to pay for the improvements has a problem because "there are people who are not paying their share of maintaining the district."

Keefe noted that the office of U.S. Rep. Melvin Price (D-East St. Louis) may fight for the local drainage project and predicted "the people in his office may be the ones that make it fly."

Others present at the meeting included State Sen. Sam Vadalabene (D-Edwardsville); Wilbur Engleke, chairman of the Chamber's sewers and drainage committee, and others.

Hillside plans would

(Continued from Page 1)

residences, commercial property and agricultural land during periods of heavy runoff.

The proposed solution calls for additional culverts to be forced through the highway and road and railroad embankments in order to minimize traffic disruption and costs. The channel downstream of the outlet from the south arm of the lake would be slightly enlarged to pass the increased flows into Elm Slough.

For this measure, the estimated total first costs would amount to \$79,000. The non-federal cost would

be \$27,600 with an annual operations and maintenance cost to the sponsor of \$4,000.

The sediment deposits in Horseshoe Lake also have caused a water flow problem. The sediment has built up to form a land barrier from the outlet to Walkers Island. This reduces the storage volume for stormwater, reduces the flow efficiency through the outlet channel and degrades the fish, wildlife and recreational resources in the immediate area.

The proposed plan details the removal of the sediment by dredging the material and discharging it at a

nearby disposal site. After a drying-out period, the material could be used as a fill by the state of Illinois, by contractors, or by individuals.

The study does not list the non-federal share of this project cost. However, it does say that the dredging of 500,000 cubic yards of material would cost \$1,810,000.

Other projects included in the study are: Canteen Creek, Harding Ditch, Schoenberger Creek and Harding Ditch channels, and Central and Metro-East new and improved channels.

United Way goal

(Continued from Page 1)

in Philadelphia, Pa., sang the national anthem.

Miss Grooms performed her rendition at "Tomorrow," from the opera "Annie." Miss Grooms holds three international world titles, 19 national titles and 57 state titles.

At the end of the program, division leaders were presented with ruby replicas, symbolic of the United Way's

40th anniversary year, and were challenged to start work to meet their goals. The traditional "blitz" of selected businesses began immediately after the breakfast.

The kickoff breakfast was catered by Charlie's Restaurant, with the costs underwritten by special contributing sponsors of the United Way, American Heritage Bank, American Steel Found-

dries, Colonial Bank of Granite City, Consolidated Aluminum Co., First Granite City National Bank, First Granite City Savings and Loan, First National Bank in Madison, Gilk's Department Stores, Granite City Press-Record, Granite City Steel, Granite City Trust and Savings Bank, Madison County Federal Savings & Loan and the Nestle Co., Inc.

Name two men in felony documents

(Continued from Page 1)

Jerry D. Sidwell, 34, of Livingston, Ill., was charged with burglary in informational documents issued Tuesday by the Madison County state's attorney's office.

He appeared before Associate Judge Thomas E. Hildebrand in a court session at Granite City Police Department at 7:05 p.m. Tuesday.

Bond was set at \$20,000 and

a mittimus was issued. Sidwell was transferred Wednesday morning to the Madison County Jail at Edwardsville.

The charge resulted from the investigation of a burglary occurring July 22 at the apartment of Judy Buckingham, 2003 Washington Ave., in which a number of household items was taken, including a television, it was alleged.

A second man implicated in the case, Charles Phillip Davis, 31, of 2041 State St., also was named in a felony informational alleging burglary, which was served last week at the Madison County Jail.

Davis presently is in the county facility pending a preliminary hearing Friday on charges of burglary and felony theft in connection with the Sept. 8 burglary of Matthews Chevrolet, Niedringhaus and Madison avenues, from where a 1983 auto also was stolen.

STEAL BICYCLES

Two bicycles, both chrome and blue and each valued at \$150, were stolen from alongside the mobile home of JoAnn Hicks, 67 Parktowne West, she reported at 8:40 p.m. Monday.

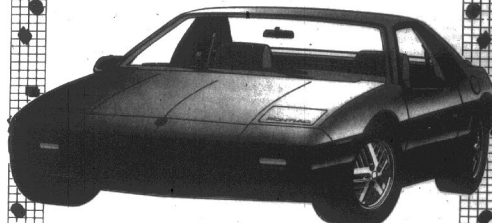

Sidwell was picked up by County Jail, where he had been taken by Livingston p.m. Friday at the Madison police.
